POLISH PRIEST, OUT FOR BLOOD, GETS IT

Churchman Kills Pittsburg Hotel Man and Fatally Wounds Brother For Reasons That are a Mystery.

PRIEST AND WOMAN COMPANION IN JAIL

Pittsburg, Aug. 8.—Ludwig Sczegiel, said to be an unattached Polish priest, of Chicago, walked into a south side hotel at 1111 Carson street today, and without warning, it is said, shot and fatally wounded the two proprietors, twin brothers, named Steven and Andrew Starzynski.

Steven died within an hour and the physicians say Andrew cannot recover.

The cause of the shooting is a mystery.

Sczegiel, who was arrested, maintains a sullen silence and nothing could be learned from either of his alleged victims.

When Sczegiel came to Pittsburg about ten days ago he went to the hotel kept by the brothers, accompanied by a woman whom he introduced as his housekeeper. They secured an apartment of two rooms.

The woman, who gave her name as Francisca Sprock, is held as a suspicious person. She denies all knowledge of the shooting.

Sczegiel, it is said, had been drinking heavily ever since he arrived here.

It was stated by Mrs. Starzynski, wife of Andrew, that shortly before the shooting, a noise was heard in the apartments occupied by Sczegiel and the woman.

Her husband, she said, went up stairs and reprimanded the pair for making a disturbance. He then joined his brother in the dining room. In a few minutes, she says, the priest appeared and opened fire.

The prisoner wears the partial dress of a clergyman, although his attire does not indicate to what denomination he belongs.

It was ascertained by the police this afternoon that Sczegiel had applied yesterday to the rector of St. Adelbert's Polish Catholic church for employment as assistant but the request was refused.

This afternoon Sczegiel was committed to jail on a charge of murder, while Francesco Sprock was held as a witness.

An effort will be made this afternoon to secure an antemortem statement from Andrew Starynski.

NOT KNOWN IN CHICAGO.

Chicago, Aug. 8.—The name of Ludwig Sczegiel does not appear in the city directory, and inquiry among clergymen of the Polish churches failed to reveal anybody who knew of him.

MASSACRE OF JEWS AT CASABLANCA

Native Fanatics Commit Butchery in Street, But Hordes of Moors Lie Dead in the Town.

FRANCE LANDS BIG FORCE OF TROOPS

Tangier, Aug. 8.—The French warships yesterday landed two thousand additional men at Casablanca, where street fighting apparently continues, judging from the desultory firing heard day and night by those on board the ships anchored off the town. The Jewish quarter of Casablanca has been sacked. Many persons were massacred in the streets, the city is said to be full of dead Moors and the Moorish quarter is in ruins, having been set on fire by the shells from the big guns of the cruisers. All the stores are closed and much hunger and distress prevails among the poor.

The foreign consuls have ordered the stores to be reopened and have established a special tariff for foodstuffs designed to mitigate the sufferings of the poor.

The Europeans who are all safe, either on board ships or at the consulates, are guarded by blue jackets. The warships continue to drop an occasional shell into groups of Kabyles on the beach in order to prevent them from approaching the town.

Advices from Ramat say that the Kabyles have given the governor a fortnight in which to withdraw the French controller of customs. Otherwise they say they will attack the town.

The activity among the Andjerras tribesmen near Tangier is creating some apprehension that a surprise attack may be made on the city.

MAZAGAN ALMOST DESTROYED.

London, Aug. 8.—A special dispatch from Tangier says that the greater part of Mazagan was destroyed by the bombardment, but the consulates were not injured.

It is reported that during the shelling of Mazagan the Moors attacked the Jewish quarter of the town and killed many persons.

FRANCE MAY NOT WITHDRAW.

Paris, Aug. 8.—In spite of the firm intention of the French government to keep within the terms of the Algeciras convention in its dealings with Morocco, the French press clearly foresees that France, unless the situation rapidly improves, has entered on a long and heavy task. The newspapers express the opinion that France may be forced to occupy in turn all the Moroccan ports and then probably be compelled to undertake a punitive expedition to Fez, after which it would be impossible to withdraw, as was the case with the British in Egypt. As the British bombardment of Alexandria enhanced the prestige of Great Britain in Egypt so, it is argued, the French bombardment of Casablanca will have a similar effect in Morocco.

The Petit Parisien today prints an interesting interview with a "high personage" at the German foreign office, who indicates that Germany is prepared to acquiesce in France's "incontestiable predominance" in Morocco, procided France is prepared to give a "quid pro quo" in the shape of the admission of German government and German industrial securities into the French market.

WALL STREET QUITE NERVOUS BUT NOT EXCITED

Modified Repetition of the Flurry of Wednesday—London Feels It.

New York, Aug. 8.—With British consols selling at a new low level and American stocks generally lower in London, following the sharp declines here yesterday, the opening of the New York stock market today was attended with unusual interest. The decline in consols is generally attributed to disturbed conditions in the money market abroad, but it is not so easy to assign a cause for the crumbling away of prices of securities in the American market. The sharp decline in quotations yesterday was without explanation further than that it was due to heavy selling by holders of railroad and other shares, who did not care to retain their securities at this time. There was nothing to show whether their desire to sell was because they were tired of waiting for an upward movement of prices, because of the low supplies of money, or because of depressed sentiment in Wall street over the difficulties in which many corporations find themselves with the national and state governments.

First transactions showed large sales at lower prices. Union Pacific was 1⅛ lower than last night on sales of 5,800 shares and Northern Pacific was 2⅜ lower. Other shares sold at from 1 to 1⅝ below yesterday's final quotations.

Nervous, But Not Excited.

The market was generally in a nervous state, but the trading was not attended with any unusual excitement. Today's declines were attributed to sales by speculators who desire lower prices and to holders who did not have the funds to protect their brokers against further losses. The so-called Standard Oil and Frick groups of

ROBBERS ROUTED AS THEY WERE READY TO BLOW BANK

Citizens of Strongsville, Near Cleveland, Give Bandits Battle.

Cleveland, O., Aug. 8.—Three masked men late last night attempted to rob the Merchants' bank at Strongsville, a suburb. They were discovered as a result of the ringing of a burglar alarm after they had gained access to the bank, and while they were attempting to drill a hole in the safe. Citizens armed with shot guns opened fire on the cracksmen and a running fight followed, in which two of the latter were wounded. All three, however, succeeded in escaping into the woods nearby.

One of the robbers, who had been shot during the escape from the bank, was found in a field. He said his name is Fogerty. His partners had stripped his pockets and clothing of everything that might lead to his identity. The man is badly wounded. The other two robbers have not been caught. Fogerty was placed in the county jail.

Abandon Comrade and Escape.

Lost by the citizens' posse that pursued them, and relieved of the burden of a wounded comrade, two of the three robbers are believed to have made good their escape. The third man, abandoned by his companions, was found unconscious lying in a gully a half mile northwest of Strongsville.

The searching party of armed farmers and villagers lost track of the robbers at the edge of a deep woods. Beating through the underbrush, they encountered a bloody trail of the wounded man, who was shot at the bank building.

The posse found the wounded burglar lying face downward in the midst of a thicket. Blood was flowing from his leg and hip and he was unconscious. He was taken to the office of a physician in a buggy. His name, he said, when he revived, was F. Fogarty, but further than that he would give no information. He is a man of apparently fifty years of age, bald headed, with a gray mustache.

Bloodhounds are on the way from Dayton and will arrive late this afternoon.

Fogarty has been sent to the Cleveland jail.

POLICE HAVE AN OUTING.

Night Patrolmen Take a Day at the Moochers' Club House.

Members of the night police force went to the Moochers' club house on the St. Joe river today for an outing, and wireless messages from the seat of trouble indicates that some doings are being pulled off every hour of the day. The affair is an annual one and is always well attended and enjoyable.

PEACEMAKER MEANT BUSINESS.

Mediator Slays Man Who Proved Difficult to Pacify.

New York, Aug. 8.—Losing his temper because his efforts as a peacemaker did not succeed, Edward Mulvaney, a young man, knocked down and killed his prospective father-in-law, Robert Sealander, a contractor, on Pacific street, Brooklyn, today. The killing was the outcome of a quarrel between Mr. Sealander and his son.

FIND SKELETON AT POINT ADAMS HAD INDICATED

Story of Man Who Confessed at Boise is Verified in Colorado.

Denver, Col., Aug. 8.—A special to the News from Telluride, Col., says:

What is said to be the skeleton of W. J. Barney, the timberman employed in the Smuggler-Union mine, who mysteriously disappeared in the month of June, 1901, was exhumed today near the Alta mill, near Gold King basin, twelve miles from town, by General Bulkeley Wells, manager of the Smuggler-Union Mining company, and others. According to Mr. Wells' account, the remains were found in an improvised grave and its location was pointed out by Steve Adams, now in jail in Idaho, awaiting a second trial on the charge of murder, when he was here in June, 1906, in the custody of Wells.

Adams Pointed Out Place.

After Adams made the alleged confession, which he afterward repudiated and in which he is supposed to have acknowledged being the assassin of Arthur Collins, formerly general manager of the Smuggler-Union mine, and to be familiar with the places where the bodies of W. J. Barney and Wesley Smith, a shift boss of the Liberty Bell mine, were buried, he was brought down here by General Wells to point out the graves of the missing men. When Wells and Adams went up into the Gold King basin there was more snow on the ground than had been anticipated and several years having elapsed since the body had been buried, Adams was unable to determine exactly where the grave was. He showed General Wells the place, according to the best of his recollection. Adams evidently gave an accurate description of the place for, it is understood, little difficulty was experienced in uncovering the grave.

A part of the skeleton, including the teeth, was brought to town by General Wells for identification.

Why Barney Was Killed.

Barney incurred the ill will of the union here by working at the Smuggler-Union mine after the strike in April, 1901. It was this strike that caused the riots in July of that year.

Adams is said to have told Wells that Barney's body was stripped of its clothing, which was buried some distance from his body. Afterward the body was taken up and buried in another place. While here in 1906 Adams is said to have pointed out to Wells the fir tree, in the darkness of which he claimed to have stood when he fired the fatal charge of buck shot into the back of Manager Collins. He also is said to have told Wells where he threw the cartridges after removing them from the gun.

PAIR OF ITALIANS ARE HANGED FOR MURDER

Authors of Brutal Crime Are Swung Off in Pittsburg.

Pittsburg, Pa., Aug. 8.—George Quagenti and Giovanni Graziano, Italians, were hanged today in the Allegheny county jail yard.

The crime for which the men were executed occurred in the spring of last year when they enticed Angelo Cappibianca, an Italian storekeeper of Braddock, Pa., to the railroad tracks near Clariton, and there shot him to death.

After conviction, Graziano made a confession to the district attorney, in which he said Quagenti had been hired to do the killing by a Braddock Italian for $100. The alleged instigator of the crime has disappeared and is thought to be now in Italy.

It is said the unknown was an admirer of Cappibianca's wife.

GARRETT BEGINS TO SEE FINISH OF PAVING

Superintendent Promises a Street Shortly—News and Gossip.

(Special Correspondence of The Sentinel.)

Garrett, Ind., Aug. 8.—Supt. Whalley, of the Western Construction company, says that the paving of Cowen street will be finished in a few days, and certainly by the end of the week, and that then work on Houston street will begin in earnest. They have about 8,000 yards on Houston street, and with favorable weather conditions will be completed in eight days. They will go from here to Auburn where they have four street. The work in Auburn they expect to finish in sixty days. It is not thought they will have obstacles to overcome in Auburn as they encountered here, as there is a better system of drainage, and in case of rains, wet grounds will not cause delays they encountered here in Garrett, which was frequently five or six days at a time. Most of the force in Garrett will be taken to Auburn.

A PROSPERITY LESS TAINTED WILL BE THE RESULT

Acting Federal Attorney General Talks of Anti-Trust Prosecutions.

Washington, Aug. 8.—Concerning frequent requests at the department of justice for information as to prosecutions of alleged trusts and railroads, Acting Attorney General Russell today said:

"I am daily answering inquiries which indicate that all kinds of unfounded rumors are afloat concerning investigations and intended anti-trust suits and prosecutions by this department. Fortunately, or unfortunately, the department is quite unable to do one tenth as much work as it is supposed to be doing.

"I understand that some of these rumors have been caused by Judge Landis' fine and troubles between the railroads and the states in Michigan, Alabama and elsewhere, particularly over state laws reducing rates. So far as the fine is concerned, it may have operated to convince investors that such part of their dividends as come from rebating and other illegal practices will be less certain in the future. As for the state railroad rates and controversies, possibly some dividends have been swelled by exorbitant local rates. My own view is that whether a lower rate will lessen dividends or increase them by increasing travel and shipments, it is chiefly a matter of experiment. I presume it was upon being convinced of this that some of the railroads abandoned their preliminary injunction of state law and authority as of doubtful legality, even if a permanent injunction shall be properly upheld upon full proof and after some little time for experiment.

"It doubtless will be the policy of this department to aid in the speedy determination of all the questions involved in the railroad rates controversy by the supreme court, and in that high tribunal the rights of all will be safe and soon settled. When the department shall have continued, while longer enforcing laws against rebating and restraints and monopolies of trade, the result cannot fail to be a sounder and less tainted prosperity."

The first annual meeting of the stockholders of the Del Rio Cigar company was held last evening and a very successful year was recorded. Officers were elected as follows: President, H. C. Hollenbacher; vice president, C. D. Thompson; secretary and treasurer, F. H. Marhenke.

J. W. Whiteford and wife, of Kendallville, were here for a business visit yesterday.

A BOMB FACTORY IS UNCOVERED IN MOSCOW

Mill for Making High Grade Product Found in Imperial University.

Moscow, August 8.—The police today searched the imperial technical schools and discovered the central revolutionary laboratory for manufacturing bombs of a new pattern and tremendous explosives, regular supplies of which were being shipped to various interior points. The police seized a number of bombs, six hundred time fuse appliances, a typographic outfit and some forbidden literature and arrested twenty male and female students of the schools.

PHOTOGRAPHERS ELECT.

Dayton, O., Aug. 8.—The Photographers' Association of America in convention here today elected the following officers:

President, F. W. Medlar, Spencer, Ia.; first vice president, A. T. Proctor, Huntington, W. Va.; second vice president, A. J. Thuss, Nashville, Tenn.; secretary, J. H. Evenoff, Salem, Mass.; treasurer, Frank R. Barrows, Boston, Mass.

Detroit was selected for next year's meeting.

WILLIAMS WILL BE MISSISSIPPI SENATOR

Unofficial Count Gives Him Majority—Vardaman Agrees to It.

Jackson, Miss., Aug. 8.—The democratic state executive committee met at noon today and declared Congressman John Sharp Williams to be the party nominee for the United States senate.

The canvass of the returns showed a majority of 648 votes for Williams, the totals being Williams, 59,496; Vardaman, 58,848.

There will be no contest over the result.

After a short caucus between the two factions, it was finally agreed to abide by semi-official returns as furnished Secretary of State Power from the various counties, and which show that Mr. Williams has a majority of 648 votes. The motion to declare Mr. Williams the nominee was seconded by the friends of Governor Vardaman. The committee then formally declared Mr. Williams nominated as United States senator. This is considered the final settlement of the now celebrated contest.

Governor Vardaman conceded the nomination of Mr. Williams.

Brilliant Democratic Leader Who Will Go to United States Senate from Mississippi.

ONE DEAD AND FOUR MORE DYING OF TOADSTOOLS

West Virginia People Ate Poisonous Fungi for Mushrooms.

Wheeling, W. Va., Aug. 8.—Dr. C. P. Dinsmore died today and four other persons are dying from eating toad stools for mushrooms at Deep Valley, W. Va. The dying are Thomas Dinsmore, a son of Dr. Dinsmore; Sarah Dinsmore, a niece; Mrs. Jennie Dinsmore, sister-in-law and Frank Roberts, a farm hand.

Dr. Dinsmore gathered what he thought were mushrooms Sunday, and the family partook heartily of them. They became sick shortly afterwards, the doctor dying today. The others are unconscious and may not survive the day.

WALL STREET QUITE NERVOUS BUT NOT EXCITED.

Continued from Page One.

stocks were the centers of attack, the centers in that action being Union Pacific, Reading, Amalgamated Copper and American Smelting and in close sympathy the Hill railroads and St. Paul. There was one drop of 1¼ points in Union Pacific, from 129¼ to 128 on one sale of 500 shares. That stock declined an extreme 1⅝ to 127½ and then rallied 3¼. A drop of 4 points in American Smelting carried that stock to below par, and the preferred stock touched par, at a decline of 3. Northern Pacific lost 3½ and Reading 3.

Losses of between 1 and 2 points were quite general, although the eastern trunk lines were comparatively little affected. The speculators for the decline used as their principal fresh ammunition the reports from Washington of the intention of the department of justice to push criminal prosecutions against certain heads of corporations. The violence of the collapse in prices gave rise to the usual anxiety over possible embarrassments, but no such trouble developed.

The quick rallies of 1 to 2 points during the course of the first hour left the market unsettled and feverish. Amalgamated Copper recovered 3¼ above last night. In the curb market, Standard Oil sold down 11 points to 485.

LONDON TRADING DEMORALIZED

London, Aug. 8.—Trading on the stock exchange today was somewhat demoralized by yesterday's break in New York. Prices went down all round. The selling was not heavy, but few buyers were about and the offers were not taken except at a reduced price.

The influence of Wall street is now so great on the stock exchange that operators here are disposed to await the developments of the immediate future.

American stocks generally were below parity, but in some cases, like Union Pacific, they were above parity.

An uneasy tone prevailed on the stock exchange, the decline in prices at New oYrk yesterday being the controlling influence. Americans were nervous and wholly dominated by New York. After a weak opening they advanced generally to a fraction over parity, but the improvement was soon lost and prices fell away. In the afternoon wide fluctuations occurred, but during the last half hour an improvement was manifested and prices closed above the lowest.

Market Steadier, But Dull.

The market became steadier, but when the earlier losses had been retrieved, there was no disposition to follow the advance and the market fell into extreme dullness. The attitude of the speculation seemed to be a waiting one, based on uncertainty as to whether the liquidation had run its course or had only paused. The price of Standard Oil in the curb market fell an extreme nineteen points from last night's closing to 477 on the sale of 75 shares. The stock subsequently shared in the vigorous rallying tendency shown on the stock exchange.

GARRET BEGINS TO SEE FINISH OF PAVING.

(Continued from Page One.)

The Toledo and Chicago Traction company is pushing the ballasting work on their line with the utmost speed. They distribute twenty-four car loads of gravel a day, and Roadmaster E. L. Follick is in charge of the work. The change can be noticed very noticeably, especially between Auburn and Garrett. The road is enjoying a season of prosperity in all lines.

The fare between Garrett and Fort Wayne is forty-five cents, the same as to Auburn.

The Cowboy baseball game has been changed from August 10 to 17.

The asphalt plant is closed for a few days for needed repairs.

The Royal Blue limited was two and one-half hours late this morning on account of the engine breaking down on the eastern division.

The plate glass front which is being put in the Hunsel building will be in by the end of this week. Contractor J. W. Brown, of Auburn, has the work in charge, and when completed will be the neatest front in the city.

Fireman George Snell, who has been sick for the past few days, returned to work.

Engineer J. H. Well, whose leg was injured in the wreck at Chicago Junction a month ago, was able to be up town for the first time yesterday afternoon.

President Shepard and General Manager Perkins headed a party of officials that paid Garrett a visit yesterday.

Harry Miller, a B. & O. trainman, who was injured on the road yesterday, was brought to the city on train No. 8 yesterday afternoon and taken to Sacred Heart hospital with a badly bruised leg.

Mrs. C. A. Lanika, of Fort Wayne, was in attendance at the funeral of Miss Eva Gordon yesterday.

The funeral of Miss Eva Gordon was largely attended.

Harley Bayer, of Payne, Ohio, is a new student at the Garrett school of telegraphy.

J. S. Patterson, the druggist, left yesterday for Buffalo on a business and pleasure trip. He will also attend a druggists' convention and expects to meet some old classmates who attended college with him.

The condition of Fireman L. F. Gunder, who was operated upon by Dr. King, is improving.

Mrs. B. Johnston and Mrs. Harry McCann and sons, who have been visiting with Mr. and Mrs. H. S. Carroll, left for Eaton and Muncie yesterday.

Conductor R. C. Calhoun is off duty for a few days with a bruised elbow, caused by the bursting of an air hose on his train.

Capt T. F. Dennison, Dr. H. W. Stephenson, J. O. Landis and Rev. H. Marvin will attend the biennial conclave of the Uniform Rank K. of P. at Indianapolis next week.

Mr. and Mrs. G. W. Landis, daughter Elsie and son Harold left today for Hicksville, Ohio, for a visit with their daughter, Miss Emily Landis.

Mr. G. Fuller and E. J. Roche, of South Bend, were business visitors in the city yesterday afternoon.

Miss May Rickey is visiting her sister, Mrs. Mountz.

Mr. and Mrs. C. E. Dawnerd and Mr. and Mrs. Brandt left for Lake Gage to spend their vacation.

Rev. Perry E. Powell left for Winona to spend the rest of the week with his family, who are there for the summer. Rev. Powell comes to Garret on Saturday evening and remains until Tuesday morning.

Mr. A. T. Baker, of Defiance, Ohio, who has been visiting her parents, Mr. and Mrs. C. B. Kniss, returned home yesterday.

Mrs. A. Buhler and daughters, Clara and Anna, of Huntington, are visiting at the home of Charles Buhler and family.

A. R. Cline and Jacob Goodyear, the gentlemen who control the Western Hoop Co., were business visitors yesterday.

The Misses Stoew, of Chicago, are visiting with Conductor and Mrs. Miller, of the B. & O.

Harry Adams has taken a position as brakeman on the B. & O. He will move his family here from Defiance as soon as he finds a house. Houses to rent in Garrett are very scarce at the present time.

Misses Altha Brickley and Mary Bowers, of Bluffton, visited today with Mrs. Dan North, Miss Brickley's sister.

Mrs. W. H. Leringen, of Rockford, O., was brought to the city today and removed in the Sheumann & Ulmer ambulance to the Lutheran hospital, where she will undergo a surgical operation.

BIBLE DAY IS FEATURE AT GREAT WINONA ASSEMBLY

Many Who Went to Hear Creatore Band Remain for Day's Program.

Winona Lake, Ind., Aug. 8.—This is properly an anniversary day for the special Winona idea, "Honoring the Book," for with the inauguration of the Winona movement the study of the Word and Christian development was made the cornerstone of the institution. While every day is a great day along bible study lines, as has been experienced by those who have attended Dr. Palmer's bible school and the lectures of bible expositors of the 11 o'clock hour, today has the emphasized character designated in its program. It has been the good fortune of the management to secure the distinguished lecturer, George R. Wendling, for his lecture on "The Imperial Book," which will make a most appropriate crowning gem for the day's program. Dr. Edwin H. Hughes remained over with his friends at Winona from his engagement of Tuesday evening and was heard with delight this forenoon at the 11 o'clock bible hour in the auditorium which proved one of the pleasant and profitable touches of the bible day celebration. The afternoon hour was spent in an earnest public oratorical contest on the bible. Thus it will be seen that the day will be crowded with interesting hours from the bible school rehearsal until the close of the Wendling lecture.

The club women of the park are spending the later hours of the afternoon in their lake excursions. They chartered the "City of Warsaw" and have invited all the kind Winonians to join them in the enjoyment of two delightful trips around the lake. The funds thus secured will be used to furnish the new club room in the Westminster. Visitors at Winona are more than ever making these pleasurable lake trips a part of the much enjoyed program of their stay.

Yesterday hundreds of people looked in upon the first Boy City of America while at the assembly. All who took the pains to visit this rare municipal school of juvenile citizenship came away impressed with the excellence of the idea. The boys were found in the midst of active preparation for "Circus Day" on Saturday next, August 10. The date is fixed and the aggregation is on the way. The large amphitheater, carved out in nature's own way, is being dressed up for the event. A track has been scraped and rolled for the hippodrome races. Real circus seats, with air cushion backs, stuffed with vacuum, are being arranged in tiers around the circle; a turning pole and other "skin-the-cat" paraphernalia are being placed in position for the performances of the acrobats. These things interested the visitors, as did the many other attractions of the juvenile city. While it is regretted that the "army" has retired, the municipality has such a perfect reign of peace within its borders that it presents the better type of city government. The boys are living in perfect quiet—as far as silence can come into the boy period—yet all is not without noise. Next week the Indianapolis Newsboys' band will be upon the grounds and with the Salt Lake City musicians Winona will have oceans of juvenile melodies.

Friday the "bars will be let down" to the Bowser people of Fort Wayne and the day made one of real enjoyment. Aside from the athletic program of the visitors, the regular hours of the program will be filled by the assembly talent. Mrs. Grace Pierce Burr, who always pleases in her character interpretations and monologue work, occupies the 2 o'clock hour. Mrs. Burr is one of the successful lady platform workers of the United States—an Indiana artist of pronounced strength. Her child interpretations, and readings of such rare productions as "Mrs. Wiggs of the Cabbage Patch," "Mary," and like works are fine.

THE DEATHS.

EDWARDS.

Mrs. Anna Edwards, wife of Emery Edwards, died at 8:30 o'clock this morning at Easthaven hospital for the insane, at Richmond, from a complication of diseases at the age of 47 years, 11 months and 8 days. The family formerly resided in Fort Wayne, the husband working at the organ factory, but in recent years Mr. and Mrs. Edwards have lived in Louisville.

Mrs. Edwards was taken ill on a train in January last while on her way to Fort Wayne to visit friends. She is survived by the husband and two daughters—Mrs. George Griebel and Mrs. A. J. Kelly, of this city. Funeral services from the residence of Mrs. Kelly, 123 West Williams street, Sunday afternoon at 3 o'clock.

Mrs. Edwards had been critically ill for some days and her death was not unexpected. Henry Schone, funeral director, went to Richmond this morning to bring the remains to this city.

EXLINE.

Fannie Florence Exline, wife of R. F. Exline, residing at 2144 Miner street, died at 4 o'clock this morning from tuberculosis at the age of 31 years, 2 months and 7 days.

Brief funeral services will be held from the residence at 10:30 o'clock Friday morning, and at noon the remains will be shipped to Thackery, Ohio, for interment.

FUNERAL ANNOUNCEMENTS.

Bitner.—Funeral services of A. J. Bitner will be held Friday afternoon at 2:30 o'clock from the residence, 939 Lincln avenue.

ST. LOUIS HOT SPELL BROKEN.

St. Louis, Aug. 8.—The excessive heat was moderated by a drenching thunderstorm this forenoon. The wind blew at thirty-two miles an hour for a time, doing considerable property damage in the outskirts. Roofs were lifted from buildings and trees were blown down. A number of prostrations were reported before the storm broke.

ROBBERY MOTIVE OF TRUNK MURDER AT MONTE CARLO

Pair Held at Marseilles Posed as People of Title at Resort.

Monte Carlo, Aug. 8.—The finding of the dismembered body of a woman at Marseilles August 6 in the baggage of two travelers who were first referred to as Mr. and Mrs. Gold, but who have been identified as persons who were known as "Sir Vere and Lady Gould," has created a sensation here, where the parties were regarded as people of leisure and respectability. The police say the investigation indicates that the woman, whose name has now been definitely established as Emma Levin, was murdered by the Goulds. Jewels believed to have belonged to the victim were found in the female prisoner's hand satchel. A commission has been dispatched to England to investigate the antecedents of the Goulds.

The male prisoner passed as an Irish baronet of Montreal, where his wife, who was a Miss Giraudin, earned her living as a dressmaker some twenty-five years ago.

CITY BREVITIES.

John Hazlet, of New Haven, who suffered a fracture of the skull four weeks ago when he was struck by a street car, underwent an operation at the Lutheran hospital yesterday in the hope that effects of his injury might be removed.

Attorney Charles A. Hays has returned from a visit at Defiance, Ohio, with his daughter, Mrs. G. A. Krotz. During a canoe race upon the river Wednesday afternoon Mr. Hays witnessed a distressing accident—the drowning of Karl Krotz, 19, and Victor Mansfield, 20, who lost their lives by the overturning of their canoe.

Charles and Eliza Nestel, who until a few weeks ago were appearing in the White City at Chicago, returned home last evening, and will go to Rome City to spend the next few weeks. Mr. and Miss Nestel have been visiting friends at Libertyville, Ill.

Mr. and Mrs. William Bradford Dickson and daughter, formerly of this city, have gone abroad for an extended tour.

Deputy Sheriff T. A. Pattee will leave Monday for Grand Rapids to spend his vacation with a son who is a car builder on one of the railroads.

Plans for the remodeling of the banking house of the Citizens' Trust company have been received and the work will be commenced shortly.

H. W. Buttolph, of Indianapolis, formerly actuary in the state insurance department, is in the city. Mr. Buttolph is now in business at Indianapolis.

The C. W. B. M. auxiliary to the West Creighton Avenue Church of Christ will meet tomorrow afternoon with Mrs. Howells, of Miner street instead of with Mrs. Netterfield.

Dr. J. E. McOscar will arrive home tomorrow noon from an eastern trip.

F. L. Taft has gone to Clear lake to spend a few days.

Carl Adamson, who has been having a two months' vacation here with relatives, left for Chicago today to join the Flora DeVoss company with which he was connected last season.

Joe Schnee, jr., of South Calhoun street, was removed to St. Joseph hospital this morning to undergo an operation for appendicitis.

The regular meeting of the Women's Missionary society of the First Presbyterian church will be held Friday afternoon at 3 o'clock in the Bible class room at the church.

TELEGRAPHERS AT LOS ANGELES STILL ON STRIKE

Men at Chicago are Ready to Retaliate Against the Companies.

Los Angeles, Cal., Aug. 8.—The strike of the Western Union telegraph operators in this city, which was called last night, following the discharge of John Ryan, a union operator, on the ground of deliberately delaying business, continued today. According to the men about sixty-five out of a total of seventy-five are out. The company, however, is fairly well supplied with operators and is taking care of all business offered.

MEN WANT TO RETALIATE.

Chicago, Aug. 8.—The executive board of the local union of the Commercial Telegraphers issued a call today for a special meeting to be held tonight. The call is said to have been brought about by the desire among the men for retaliatory action against telegraph companies in connection with the strike at Los Angeles.

COLUMBIAN KNIGHTS BIG DAY.

Norfolk, Va., Aug. 8.—Monsignor Falconio, papal delegate to the United States, and Governor Swanson, of Virginia, were the centers of attraction at the Knights of Columbus celebration today. Many thousands were in attendance. Surrounding Monsignor Falconio were many dignitaries among the Catholic clergy of America, as well as many prominent lay members of the church.

POPE FEARS FOR CARDINALS.

Rome, Aug. 8.—The pope today countermanded all the receptions planned in honor of the anniversary of his coronation, fearing that the cardinals might be insulted in the streets while on their way to and from the vatican.

HEAD OF FARMERS' UNION ILL.

Little Rock, Ark., Aug. 8.—Charles S. Barrett, of Atwater, Ga., president of the National Farmers' Union of America, is critically ill at the home of Ben Griffin, secretary of the Arkansas Farmers' union, in Conway.

OFFICIALS AGREE THAT NEW STRUCTURE IS NECESSARY

County and City Boards Find Clinton Street Bridge in Bad Shape.

That the Clinton street bridge over St. Mary's river is in bad repair and should be replaced with a new one within the next year was agreed upon today at a conference between Mayor W. J. Hosey, E. J. Lennon, Jesse Brosius and Henry Schwartz, of the board of public works, and Frank Randall, civil engineer, representing the city, and Joseph Tonkel, John B. Wyss and William Hockemeyer, of the board of county commissioners, and O. B. Wiley, county superintendent of bridges.

When the estimates of the county commissioners embracing the amount of money for new bridges are submitted to the county council next month about $32,000 will be included for a new structure at Clinton street. The general opinion of the members of both boards is that this will be an absolute necessity for next year and that it should be built to the exclusion of others asked for as it is much traveled and is now in an unsafe condition.

AMERICAN ENGINEER IS JAILED IN MEXICO FOR ACCIDENT

Man Fell from His Locomotive and Was Slain—Caused a Strike.

Louisville, Ky., Aug. 8.—A special to the Evening Post from Henderson, Ky., says:

"The parents of Patrick Haffay, a locomotive engineer of this city, have received word that he is in prison at Jiminez, Mexico. Haffey was arrested because his native fireman fell off a train and was killed. Bitter feelings against Americans caused a mob to form, and the young man was almost lynched. The American ambassador has been appealed to."

A MORE MODERATE VERSION.

City of Mexico, Aug. 8.—A special to the Herald from Jiminez, under date of Aug. 2 says that Engineer Haffey was arrested in connection with the death of a peon, who fell from Haffey's engine. The peon, accompanied by a 4-year-old child was permitted by Haffey's fireman to ride on the rear of the engine without the knowledge of the engineer. In some manner not known the peon fell from the engine and was killed.

Some of the American employes of the Mexican Central feeling that the evidence did not justify the detention of the engineer in jail suggested that all the railroad men stop work until he was released. Cooler counsel prevailed, however, and it is now believed that Haffey will soon be released on bail.

SONOMA GIRL IS PROTESTED.

The $10,000 Stake Won at Buffalo by Mare Held Up.

Buffalo, N. Y., Aug. 8.—Owing to the filing of a protest, it is probable that the $10,000 Empire State purse, won by Sonoma Girl at Kenilworth track on Tuesday last, will be tide up until the meeting of the board of review of the National Trotting association in December.

It is understood the protest is based on the claim that the accident which Sonoma Girl met with in the third heat was not an unavoidable accident. It is further claimed that the California mare ran into the fence before De Ryder's sulky caught in her wheel and an effort will be made to prove that all the injury that came to the mare's chances for winning the heat, had been done before De Ryder's sulky came into collision with hers.

RAILROADS ASK MORE TIME.

No Agreement Yet Reached In the Alabama Railroad War.

Montgomery, Ala., Aug. 8.—After a conference lasting all the morning and adjourning at 2 p. m., it was given out that nothing had been agreed upon between the state and the Southern railway with regard to the revocation of the license of the latter. The only thing Governor Comer would say was "that the railroads must observe the law and carry out the code."

The railroads have asked for more time, presumably to refer the matter to President Finley and another conference will be held tomorrow.

A. F. Hall has returned from a week's outing with his family at Clear lake.

O. A. Prass, of the Prass & Reed firm at Dayton, O., is in the city taking an annual invoice of the store here.

RACE RIOT IN ILLINOIS.

Riot in Streets and Negroes Were Driven From Hillsboro.

Hillsboro, Ill., Aug. 8.—Ill feeling toward negroes which has been brewing since last Friday night, when John T. Maddux, an aged white man, was assaulted by a negro, culminated in a race riot last night, and the majority of the negroes were chased out of town. Negroes and white citizens fought in the public streets for several hours and the business section was in a turmoil.

Finally most of the negroes fled from town, and order was restored. C. D. Fry, who had a contract for paving work and employed negroes, insisted that his employes be protected, but to no effect. Today Fry went to St. Louis, declaring he would procure other negro laborers. It is feared if he brings back a number of negroes that fighting and bloodshed will result as the anti-negro feeling is at high tension.

WAYS OF READING.

Reading without purpose is sauntering, not exercise. More is got from one book on which the thought settles for definite end in knowledge than from libraries skimmed over by a wandering eye. A cottage flower gives honey to the bee, a king's garden none to the butterfly.—Lord Lytton.

CLOSING UP THE BIG EWING ESTATE IN THIS CITY

C. C. Schlatter Bids $19,500 for Building He Now Occupies.

Several large real estate deals are taking place this afternoon in the office of S. R. Alden. The remaining pieces of property of the Ewing estate are being auctioned off by the commissioners, Michael and Alden. Among them is the large building on the southeast corner of Clinton and Columbia streets, which was sold to C. C. Schlatter for $19,500. The building is now occupied by the Schlatter Hardware company. Mr. Schlatter will improve it somewhat and the present tenants will continue to occupy it.

Another transaction was the selling of the Ewing farm composed of 160 acres, situated about four miles west of the city, to Leo Philips, for $6,650. The old Ewing office building on West Main street, about two and a half squares off of Calhoun, was sold to W. D. Miller for $3,350.

All of these sales have to be approved by the court and before that time anyone who wishes to bid above the prices submitted may do so and obtain the property.

Before the afternoon is over several houses and lots around the city will also have been sold and this will close up the Ewing estate.

STANDARD OIL COMPANY OF INDIANA WILL APPEAL CASE

Present Judge Landis a Motion to Go Higher on Big Judgment.

Chicago, Aug. 8.—Attorneys for the Standard Oil company of Indiana, which was recently fined $29,240,000 in the United States district court, today presented to Judge Landis a motion seeking an appeal in the case. The hearing of the motion was set for tomorrow.

CITY BREVITIES.

Howard Bowman, a clerk at the Lake Shore offices, is at the lakes spending his summer vacation.

Agent Harry Pininger, of the Lake Erie and Western, has been notified of an intention on the part of the railway management to repeat the Cincinnati excursion September 1.

Supt. E. R. Bissell, of the Lake Erie and Western, was in the city today on business for the company.

Passenger Conductors M. H. Docterman and B. F. Stoncifer, sr., of the Lake Erie and Western, are sick and off duty. Each has been in the employ of the company a quarter of a century.

Mrs. R. J. Lyons, of 428 Washington boulevard east, and her niece, Miss Lillian Lyons, of Akron, Ohio, who has been visiting here, have gone to Decatur to see Mrs. Lyon's cousin, who is dangerously sick.

Miss Selma Gochinger, of 2315 Force street, left today for Petoskey. She expects to be gone three weeks.

Mrs. J. E. N. Dillon left Hope hospital for her home yesterday. She passed through a dangerous surgical operation four weeks ago and is now believed to be well on the way to complete health.

Mrs. Frank Davis and children are visiting relatives and friends in the southern part of the state. They will be gone about two weeks.

Sergeant D. H. Donaldson, who has had charge of the local army recruiting station for five weeks, has received notice of transferral and tomorrow he will leave for Lima, O., his new post. He will be succeeded here by Sergeant J. D. Sims, who is at present in charge of the station at Lima. While here Sergeant Donaldson has made many friends and all of them will be sorry to have him leave.

Frank Curkus has been accepted by Carpenter's Mate Holmes, of the navy recruiting station, and is awaiting examination by the doctor.

H. A. Buthoff, actuary of the Lincoln National Life Insurance company, with headquarters at Indianapolis, was in the city today on business.

MRS. EWING OFFERS AN ADVANCE AND GETS PROPERTY

Adds a Thousand and Twenty-five Dollars to Bid —Court News.

In the superior court today Judge Samuel R. Alden and Herman Michael, commissioners in charge of the sale of the real property embraced in the Ewing estate, were instructed to make a conveyance to Mrs. Mary C. Ewing of the property at the southwest corner of Main and Harrison streets, Known as Ewing hall.

She had originally offered $17,500 but Straus Brothers and Company submitted a written agreement to pay $18,500, and Mrs. Ewing added $1,025, making her the highest bidder and the property will go to her. Judge Alden explained in a written report that the bid on which the sale was made was submitted after the public offering and said in that connection that there is a tendency among big real estate buyers to effect combinations on the prices but that Mrs. Ewing had no connection with any movement of the kind.

Secretary Files Bonds.

Anselm Fuelber, the new member and secretary of the school board, filed today with the county auditor his bond for $100,000. The instrument is signed by Henry C. Paul and John H. Bass.

Court Notes.

Suit has been entered in the Wells county circuit court by George E. Mason and Mrs. Martha B. Sledd against Mary, Ellen and Sarah Hanley, Mrs. Catherine Heitz, Mrs. Margaret Norback and Mrs. Elizabeth Fitzpatrick to recover possession of a farm of thirty-five acres near the Allen county line and for $2,000 damages. The present owners are sisters and the question of title has been in dispute for thirty years and four actions growing out of the dispute have already been tried in Wells county. Heaton and Yaple filed the suit.

Court Notes.

Ada K. Ladig was granted a divorce from Peter Ladig in the superior court today. She was given the custody of their child with $200 alimony.

George Hennings, who is a glove cutter by occupation and a resident of Bass street, has filed suit for a divorce from Amelia Hennings. A. E. Thomas is attorney and the complaint charges cruel and inhuman treatment.

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of th girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at $1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Northern Indiana "News and Gossip"

Edward Hover, Clay township, Lagrange county, has been adjudged insane.

Old settlers of Wells and adjoining counties will have a reunion at Keystone August 15.

Survivors of Capt. Simonson's famous old Fifth Indiana battery have decided to hold their annual reunion at Columbia City October 8.

Movement is afoot at Columbia City to organize a brass band. The city has been without an organization of this kind for six months.

Walter Rhinehold, of Butler township, DeKalb county, was arrested on a paternity charge preferred by Miss May Richey. Both are very young.

Contractor Doty, of Milford, has refunded to the Kosciusko county treasury $138.25 which had been overpaid him on bridge work through error of a deputy auditor.

James A. Taylor, a prominent merchant tailor who recently left Elkhart on account of domestic troubles, is said to have been killed on a railroad at Eaiden, Miss.

Mrs. John R. Glancy, of Decatur, died suddenly Wednesday morning from heart disease. She had just returned from a trip to Oden, Mich., for the benefit of her health.

Ralph, the two-year-old son of Charles Whitney, south of Larwill, was badly poisoned by the seeds of the jimpson weed which he ate a few days ago, and physicians barely saved his life.

Myrtle Walters, who has been assistant high school principal in the Churubusco schools for the past two years, has accepted a position in the schools of Garrett for the coming year.

The eleven-year-old son of Mack Weber, three miles south of Albion, met with an accident Monday at his home. He pounded a cap cartridge, it exploded and severely hurt his thumb and three fingers on the left hand.

George Middleton, of North Webster, who is in his 95th year, recalls the first election held in that township in 1836, when but three votes were cast and Ben Johnson was elected justice of the peace. Mr. Middleton located there two years prior to that time.

On behalf of players of both the Decatur and the Portland baseball teams, Manager Holthouse, at Decatur, entered a plea of guilty to the charge of Sabbath desecration in Justice Smith's court at Decatur, and the court assessed a fine of 50 cents and costs for each of the nineteen players. It made a total of $167.60, which the manager paid.

James H. Johnson & Sons, proprietors of Wawasee Inn at Lake Wawasee, when arraigned in Justice Green's court at Syracuse on the charge of having 800 bottles of beer in the hostelry, were acquitted, about 2. guests testifying the beer belonged to them as individuals and was merely being cared for by the hotel management. The temperance forces were much surprised at the ruling.

Constable James H. Stephenson fell over in his chair in Justice Eiler's court at Warsaw at 11 o'clock Wednesday morning and ten minutes later he was dead, the result of a heart attack which he had been expecting. Stephenson had been in impaired health for some time. His death occurred during the trial of Harry Lung, of Syracuse, whom he had arrested for having a fishing net in his possession.

"Onion day" will be celebrated at Wolf Lake, Noble county, on August 23 in fine style. The program includes an address by Congressman Gilhams on "American Patriotism," and in the afternoon Congressman James E. Watson will speak on "Two Ideals of Life," and Charles S. Bash, of Fort Wayne, is also on the oratorical program. Baseball contests and horse-racing are also features of the day. Last year more than 5,000 people attended the unique festival.

The old soldiers of Lagrange county will hold their annual reunion at Lakeside park, near Mt. Pisgah postoffice Saturday, Aug. 17. Hon. James S. Dodge, of Elkhart, will be the orator of the day, while State Senator Ganiard will deliver the address of welcome. The Stroh band and Stroh quartet will furnish the music, and there will be a basket dinner.

A young man, apparently 23 years old and well educated, whose name is believed to be I. Reichendien and whose last residence is said to have been at No. 6 Ohio street, Elyria, O., attempted suicide at an early hour Wednesday morning when he jumped out of the window of a toilet room on a car of the Lake Shore westbound passenger train No. 5, which left Elkhart at 5:15 a. m. Reichendien's neck was badly cut and his face and head bruised, but it is thought he will recover.

The committee in charge of the Home-Coming feature of DeKalb county's fall exhibit to be held at Auburn, is composed of A. J. Ralston, president and J. Howard Wagner as secretary, with O. H. Widney and Sol Barney, of St. Joe; J. A. Provines, of Spencerville; G. F. DeLong and B. F. Blair, of Newville; Michael Long, L. J. Diehl, Sol Casebeer and Jacob Chrisoffel, of Butler; O. P. Leonard, of Hamilton; Ab Kelley and Frank Willis, of Waterloo; Milo J. Thomas and J. H. Knauer, of Corunna; W. H. Crane, of Sedan, and John Bell and John Hathaway, of Garrett.

The fifth annual reunion of the Grant County Octogenarian club will be held at the soldiers' home in Marion next Tuesday. There is an elaborate program for the old people.

Wednesday, through accident, Wabash friends of Lorin Berry, of that city, and Miss Lucille June Kneipple, of Marion, learned of their marriage at St. Joe, Mich., on July 28. The trip there was taken secretly and none knew of the wedding at the time. They are both quite youthful, Mr. Berry being but nineteen and his bride considerably younger.

An unusual divorce suit has been filed in the Wabash circuit court. This is by Samuel G. Allison against Mary Allison, and the grounds for asking the divorce and adultery. According to the complaint they were married Aug. 16, 1897, and lived together two years. Then the plaintiff swears he learned his wife was guilty of the offense and they never lived together after that time. For eight years they have lived apart and neither instituted divorce proceedings. As there is now no hope of a reconciliation or of forgiveness the husband is asking a decree and his story will be told in the September term of court.

Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free book. A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble," by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, "faint" or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Yellow Egg Tomato Salad—A delicious salad is made from the yellow egg tomato. These are scalded, peeled and put on ice before being piled on a bed of lettuce, covered with mayonnaise and garnished with slices of cucumber.

Gooseberry and Red Raspberry Pie—A delicious pie is made by using equal quantities of the gooseberries and raspberries. Use a liberal amount of sugar between the layers, with a sprinkling of flour. Sprinkle a layer of sugar over the bottom crust before putting in berries. Bake with top crust.

Appended are two valuable recipes for preserving fruit:

Black Currants—Gather the currants on a dry day; to every pound allow half a pint of red currant juice and a pound and a half of finely pounded loaf sugar. Clip off the heads and stalks; put the juice, currants and sugar in a preserving pan; shake it frequently till it boils; carefully remove the fruit from the sides of the pan, and take off the scum as it rises; let it boil for ten or fifteen minutes. This preserve is excellent eaten with cream.

Gooseberries—The tops and tails being removed from the gooseberries, allow an equal quantity of finely pounded loaf sugar and put a layer of each alternately into a large, deep jar; pour into it as much dripped red currant juice as will dissolve the sugar, adding its weight in sugar. The next day put all in a preserving pan, boil it, and put up as other jams.

V. W. Clark's Residence Has Slight Fire Damage.

Ossian, Ind., Aug. 8.—(Special.)—The residence of V. W. Clark suffered from fire last evening, and while the damage was not extensive, there was much excitement and a very large proportion of the population of the town was attracted to the scene. The blaze originated in the roof of the kitchen while the evening meal was being prepared. Painters at work on the school house discovered it, and sounded the alarm. The blaze was soon extinguished.

The W. C. T. U. will hold a silver medal oratorical contest this evening, with five contestants. They are Ersie Swayzee, Gaynell Keefer, Pearl King, Halden Hunter and Edith Bash.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I gave you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Gwin, Concord, Ga. For sale by all druggists.

Those who have stomach trouble, no matter how slight, should give every possible help to the digestive organs, so that the food may be digested with the least effort. This may be done by taking something that contains natural digestive properties—something like Kodol For Indigestion and Dyspepsia. Kodol is a preparation of vegetable acids and contains the very same juices found in a healthy stomach. It digests what you eat. Sold by all druggists.

Slump on Wall street probably another conspiracy of "the system" to show Tom Lawson up again as a bad guesser.

New York authorities deny that there is a crime wave there. At least they will not deny that there is something of a ripple.

Report that Gas Addicks is broke is rather disconcerting. Rather Gas had kept what he had than that he should try to get another pile same way he got the last one.

Senator Bob Taylor, of Tennessee, thinks Col. Henri Watterson's mysterious unknown is Governor Johnnie Johnson, of Minnesota. All right so far as Johnson goes, but the colonel has just been amusing himself.

"Same as Roosevelt" is to be bottom of Taft's claim to the presidency. If that means that he likewise will try to pick out his successor when done with the job, believe we can risk a phophecy of some scientific interference.

Just want to remark to the board of works that delay of repairs on asphalt streets simply multiplies the expense of the work when it is got at. Some holes on West Wayne street will soon be down to the virgin soil. Hardly conducive to the safety of traffic and no way to treat that kind of soil, anyway.

The joyous motor car is doing its best to make a reputation for slaughter that will class it along with Fourth of July explosives and the summer boating and bathing helps to mortality. Time to begin keeping statistical record of deaths, dismemberments and the like from buzz buggy affairs. Auto seems to be common enough now to figure in the actuary reports.

Chicago university professor sees in the trust-mongers the greatest aid to the socialistic propaganda. Thinks they will make it easy for the government to "take over" things when ready. Not improbable. May be, though, that the mongers are figuring on an oligarchy. Have heard as much hinted by Mr. Bryan and others. However, no occasion for alarm. There's Roosevelt and after him Taft, and if not Taft, then Bryan. Can trust any one of the three to rope and throw any obligarchy that may start on a stampede. As for socialism, the kind we'll have if we ever get to it will be found not so bad. Much better to speculate when John Doe is going to pay or on probable recession of the crime wave.

If the Millers—Hon. Hugh Th. and Hon. Charles W.—are bound to go a fussin' over the republican gubernatorial nomination, suppose it's a family affair with which no one has special occasion to interfere. Can see some outcome in Northern Indiana, though, that looks like a moving picture of Hon. Billie Taylor, of Indianapolis and from that dear old Wolcottville, Indiana, progressing toward the state capitol. Hosts of friends of Taylor stall remember how much they wanted to be for him three years ago when the foredoomed movement for Judge Penfield got athwart the path of heart's desire. Next year there is not likely to be anything to embarrass their free, whole-hearted wish to elevate to the governorship one of the brightest, ablest and most likeable men that ever went out of Northeastern Indiana. Hon. William L. Taylor will have preserves of his own in Northern Indiana next spring.

Lady Godiva has just ridden her "milk-white palfrey" again through the streets of old Coventry in England. Curious thousands watched and there was no "peeping Tom" to be stricken blind for his salacious curiosity. To gaze was the fashion and to be gazed at the historic spectacle was revived. Moreover the modern Lady Godiva, unlike her ancient prototype who, according to the veracious account in Tennyson's charming poem, was "clothed only with chastity" and nothing more, was clad in her own masses of luxuriant hair, store tresses and yards of shimmering gauze besides fleshings. Can't say that it was a pretty idea. Historically incorrect both as to togs and the straining eyes of thousands. Woman who rode the palfrey was a music hall poseur used to wearing much more abbreviated investiture of draperies before a crowd than she got herself up in for the spectacular journey through Coventry. Lady Godiva is much finer as a tradition than a repetition.

Logansport and Kokomo lawyers are much perturbed, it is reported, by the fact that the hero of Booth Tarkington's new play is described by the author as the sort of an "untraveled lawyer you can meet any day on the interurban car between Kokomo and Logansport." Is tough on somebody or other. Can't figure it out, though; whether the implication is that a Logansport lawyer ever would waste time going to Kokomo or a Kokomo lawyer get reckless enough to take his life in his hands by going to Logansport. Logansport is first to the front with a disclaimer and defense. Swift Wright, who has done a deal of going about from Logansport to Lhassa and Indianapolis to Timbuctoo, says there are scores of lawyers in his town that have traveled a lot and two that have girdled the globe in a style that would make Tarkington dizzy. Wright, however, is likely to be prejudiced. Would like to get the views of Judge Cooper of the Kokomo city court and then figure out an average.

SCIENTISTS AT WAR.

Agricultural Department Men Disagree as to Chemistry of Soils.

Berkeley, Cal., Aug. 8.—The declaration of Prof. Milton Whitney, chief of the bureau of soils of the United States department of agriculture, to the effect that he has discovered a new theory of soil fertilization which may necessitate a complete revision of science of chemistry of soils, has stirred up a pretty row between experts on the subject of soil all over the country. Prof. Whitney claims the growth of plants does not exhaust the soil. This, according to orthodox scientists of Dr. Hilgard's school, is heresy. Dr. Hilgard, former dean and chief of the United States agricultural department station at Berkeley, said today:

"This theory, which Prof. Whitney seems to think is new, was advanced, discussed and exploded a hundred years ago."

RISING FROM THE GRAVE.

A prominent manufacturer, Wm. A. Fernwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at Dreier & Bro., druggists. Price only 50c.

The record power transmission is that of the Kern river plant in southern California, where 25,000 horsepower is sent 117 miles at a pressure of 85,000 volts. Extensions of this plant are contemplated which will increase the horsepower to 65,000.

A VALUABLE LESSON.

"Six years ago I learned a valuable lesson," writes John Pleasant, of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteed at Dreier & Bro., druggists. 25c.

PEDDLERS INSULT WOMAN AND ARE CHASED WITH BROOM

Both in City Court and Are Fined—Other Cases Disposed Of.

Because he could not make a trade of some cheap enameled ware for old clothing Louis Lavin, one of two Russian Jew peddlers, who were in the city court this morning, became abusive to a south side woman and he and his partner, Sam Siegel, were chased out of the yard with a broom. A complaint resulted in their arrest for peddling without a license and they were fined $1 and costs, which they settled.

The men have been working in the city for about a week and thought because they did not sell for cash they were not compelled to take out one of the new $150 licenses recently framed up by the city council.

The Other Cases.

Five foreigners picked up on the Nickel Plate track early this morning were given an hour to leave the city. Joe Williams, a negro laborer, found in a Wabash box car was given the same privilege.

George W. Fisher, who got drunk and fell off a Pennsylvania freight train, was fined $1 and costs.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures back-ache and all forms of kidney and bladder trouble. Dreier & Bro.

COMES TO STUDY CONDITIONS.

Victoria, B. C., Aug. 8.—Tatsuya, editor of a Japanese trade journal of Tokio, arrived here yesterday to study the condition of Japanese on the coast. He said little further difficulty was expected with regard to the complaints from San Francisco. Yamoaka and Hattori from Seattle, who went to Japan to represent real conditions to the Japanese, have been very successful and Japanese who had not known the real state of affairs were less prone to complain.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Dreier & Bro.

CAR OF SILK WORTH $1,250,000.

San Francisco, Aug. 8.—A car load of silk valued at $1,250,000 has been landed from the Nippon Maru and in order to better insure its safety will be forwarded east on passenger trains. It is the most valuable consignment of silk received in this port for the last four years.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. Dreier & Bro.

HOW IS THIS?

Proverbs of the Arabs place a very low value on women. Here are some samples: "The beauty of man is in his spirit; the spirit of woman is in her beauty." "Always consult your wife, but do as you please." "When you want to get square with a man give him a handsome wife; when you want revenge on a woman give her a handsome husband."

HOW TO AVOID APPENDICITIS.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Dreier & Bro.

John Riha, a prominent dealer of Vining, Ia., says: "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There are a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with fine results." Sold by all druggists.

TAKES A FALL OUT OF NOVELIST BOOTH TARKINGTON

Northern Indiana Lawyers Defended Against a Foul Aspersion.

Logansport, Ind., Aug. 8.—Booth Tarkington, author and playwright, who has just returned to the United States after two years in Europe, is the subject of censure because of his so-called reflections on northern Indiana lawyers in his new play, "The Man from Home."

Tarkington was held in high esteem until he and Harry L. Wilson collaborated on "The Man from Home." In the play the leading character, Daniel Voorhees Pike, is described as "just the sort of a plain, untraveled lawyer you are liable to meet on an interurban car between Logansport and Kokomo most any day."

Wright Defends Lawyers.

W. S. Wright, himself a globe trotter, calls attention to the fact that, as he believes, there are at least a score of lawyers between Logansport and Kokomo who have traveled hundreds of miles for every one traveled by Tarkington. Wright, who is an attorney, has been prime minister in Santo Domingo, deputy secretary of state, and editor in Cuba, and a newspaper correspondent in many parts of the world.

"There are even young jockeys—Tod Sloan, of Kokomo and Harry Birkenruth of Logansport, for example—who travel more extensively in a year than the author of 'The Man from Home' has traveled in half a dozen," said Wright.

"As for attorneys, Judge B. F. Harness, of Kokomo, and Judge D. P. Baldwin, of Logansport, have girdled the globe twice or more and have been in nearly every civilized country.

"Talk about 'untraveled lawyers'! If Tarkington was to meet the average 'untraveled' man between Logansport and Kokomo he would get so mixed on his geography that he couldn't tell whether Capri was in Italy or Clay county."

May Dodge Hoosier Anger.

As a result of what is being taken seriously to heart by the barristers the locale of the leading character probably will be made more indefinite when it is put on the boards early in the fall, especially as the initial performance is to be made somewhere in the middle west.

Daniel Voorhees Pike, created by Will T. Hodge, endeavors in the play to cure two young people of snobbishness. They have lived too long abroad. The scene is laid in Sorrento.

WOULD EJECT SISTERS.

Wells County Farm Has Long Been in Litigation.

Bluffton, Ind., Aug. 8.—A case with an interesting story back of it was filed in the circuit court yesterday by Attorneys Heaton & Yaple, of Fort Wayne, with George E. Mason and his sister, Mrs. Martha B. Sledd, as plaintiffs and six sisters, Misses Mary, Ellen and Sarah Hanley, Mrs. Catherine Heitz, Mrs. Margaret Norback and Mrs. Elizabeth Fitzpatrick as defendants. The suit is for possession of thirty-seven acres of land in Jefferson township near the Allen county line, and demand is also made for $2,000, of which $1,000 is for profits since September, 1903, $500 for damages to fences, drains, etc., and $500 for timber cut.

Investigation shows that the farm in litigation has been in dispute for something like thirty years, and four times within that period cases growing out of the controversy as to ownership have been tried in the Wells circuit court. The six defendants are all sisters, and they claim the right of possession from the fact that an ancestor of theirs bought the farm in 1868, without knowledge of the fact that the man from whom he bought it was given a mortgage before selling it, which mortgage was later foreclosed against the new owner, the ancestor of the six defendants. They set up the claim that he was defrauded in the deal and should not have been held liable for the mortgage and that he and his descendants should have the farm.

The farm came into the possession of Mr. Mason and his sisters and for several years they held undisputed possession, in fact for a period of twenty-five to thirty years, until in 1893 the six sisters arrived on the scene, took up their home in an old deserted house on the farm and refused to vacate, claiming ownership had descended to them through the ancestor against whom the mortgage was foreclosed in 1868. Twice suits for possession were tried in the circuit court here and decisions were given in favor of Mr. Mason and his sister, but the six sisters still refuse to vacate and appealed the case to the appellate court.

The appeal has been on file in the higher court for a long period without action and the suit for ejectment asks that Judge Sturgis appoint a receiver to take possession of the farm and have charge of it, pending the decision of the appellate court.

TRACK THIEVES BY MISFIT RING

Betrothal Gift Proves Means of Finding Jewelry Store Robbers.

Bedford, Ind., Aug. 8.—John Fritts, 16 years old, gave a ring to his sweetheart, a waitress, last week as evidence of their betrothal. The ring being a misfit, the girl took it to the jeweler's for alterations. Her possession of so valuable a piece of jewelry caused suspicion and the Rainbolt store, recently robbed of $500 worth of jewelry, was notified. The ring proved a clew through which a gang of youthful thieves and the robbers of the Rainbolt store were found. Fritts is a son of Nelson Fritts, now serving in state's prison a life sentence for murder.

If You Are Sick

It is because some of the organs of the body are not doing their work well. There is a lack of that nervous energy that gives them motion. Consequently you are weak, worn-out, nervous, irritable, cannot sleep; have headache, indigestion, etc., because there is not sufficient nerve force to keep the organs active and allow them to perform their natural functions. Dr. Miles' Nervine restores health because it restores this nervous energy.

"I have been sick for a year, and did not know what was the matter with me. I tried many remedies and none of them proved of any value. I heard of Dr. Miles' Nervine. I procured a bottle, and before I had taken half of it I was better. I would have had nervous prostration if I had not got this medicine when I did. I continued to take it until I was entirely well. I have since recommended it to five of my lady friends, and they have all thanked me for doing so, for it benefited them all."

MRS. ROSE OTTO,
189 S. 3d St., Columbus, Ohio.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

The Arion society realized about $500 from its picnic in the Apple Orchard.

The work of ballasting the New York, Chicago and St. Louis railroad continues at the rate of a mile a day.

The Wabash railroad company will shortly erect gates at street crossings in compliance with the ordinance recently passed by the city council.

Mike Walsh's pleasant face was seen behind the Aveline counter this morning for the first time in a month or so. Mike is very popular with the traveling public.

Capt. d'Isay and wife have gone to Denver. Mr. Will Douglass, late of Keil Bros.' bookstore, will attend to the captain's real estate business during his absence.

On the old Kekionga grounds west of the St. Joe river a nine selected from the typos of the evening papers speedily vanquished the Gazette nine at baseball by a score of 13 to 7. Baldock was captain of the evening nine, ex-Chief of Police Smith was umpire and Mr. Busse, of the Gazette, kept the score.

Last night the Northern Indiana Fair association held a meeting at Treasurer Fisher's office and appointed Messrs. A. Aronson, W. A. Foote and W. W. Rockhill as the committee on baseball tournament. Four hundred and fifty dollars in prizes will be offered.

By a score of 19 to 15 the city officials defeated the county officials at baseball. The county players included Messrs. Jones, Cosgrove, Mommer, Mannix, Hance, Comparet, Dawson, Nelson and Wiley, while on the city team were Messrs. Diehl, Colerick, Rockhill, Shrader, Steup, Barton, Falker, Hilbrecht and Weber.

Last night about 1:30 Officer Wahrenberg heard the cry of "police." He hastened whence the sound came and found it was emitted by Dr. Wm. T. Ferguson, who stated that he was seated in his office, having left the back door open. A burglar had walked in and was about to tackle the physician when he had shouted for the officer, who came promptly.

PROSECUTION IS AHEAD FOR SOME OF THE MAGNATES

Attorney General Bonaparte Drops Some Vague Hints of Such Course.

New York, Aug. 8.—A special dispatch from Lenox, Mass., today says:

That criminal prosecutions will be undertaken in the near future as a result of the interstate commerce commission investigation of the Harriman railroad system was the information obtained here upon authority last evening on the eve of the return of Attorney General Bonaparte to Washington.

Mr. Bonaparte was asked if action personally against individuals would be included in the prosecutions. He replied somewhat enigmatically:

"I have noticed a good many complaints that criminal prosecutions against trust magnates and sentences of imprisonment for them have been very infrequent and in fact, for practical purposes, unknown. It is perfectly true that in my opinion at least, a better moral effect would be produced by sending a few prominent men to jail than by a great deal of litigation, however successful, against the corporations they controlled. Some time since two corporations and their respective presidents were indicted jointly for violation of the anti-trust law. If the corporations were guilty of such it would be hard for the lay mind at least to understand how their presidents could be innocent. Nevertheless the jury convicted the corporations and acquitted their presidents.

"It is the avowed purpose of the department of justice to prosecute criminally anyone who is really responsible for violations of the anti-trust law wherever it can do so with any reasonable probability of success. It does not care to prosecute underlings who are known to everyone to have acted under the direct authority of their superiors. But if it can get a case against any of the superiors such as justifies a reasonable hope on the part of experienced lawyers that he can be punished personally, the department will undoubtedly take advantage of the opportunity as soon as it is presented."

MOYER HAS QUIET HOMECOMING

President of Miners' Federation Discourages Demonstration.

Denver, Aug. 8.—Charles H. Moyer, president of the Western Federation of Miners, arrived in the city last night. Mr. Moyer was accompanied by Mrs. Moyer and her sister, and went immediately to his home. The reason for his delayed homecoming is that he desired to have no demonstration of any kind.

There is a report in circulation to the effect that the question of determining upon counsel for George H. Pettibone, who will be tried in October at Boise, Idaho, on the same charge that Secretary and Treasurer Haywood was acquitted of, will be brought up soon. The report that Clarence Darrow, the Chicago lawyer who assisted in the defense of Haywood, will not be retained in the Pettibone case is generally credited here.

MAY HIT MORE BIG SHIPPERS.

Federal Government Said to Be Preparing to Follow Oil Victory.

Washington, Aug. 8.—The success of the government in the prosecution of the rebate cases against the Standard Oil company has excited the expectation that similar proceedings will be instituted against the sugar and steel corporations and other large shippers. Inquiry at the bureau of corporations failed yesterday to disclose that any material has been or is being collected to be used in such proceedings. At the department of justice it was stated that no information was at hand there which could be used in such proceedings. The law officers of the government claim to have no knowledge that information will reach them showing that other corporations have, like Standard Oil, violated the law.

FIFTY YEARS AT NOTRE DAME.

Feast of Assumption Marks Half Century for Noted Tutor.

South Bend, Ind., Aug. 8.—The Feast of the Assumption, which falls upon Aug. 15, will witness a double celebration at Notre Dame. On that day Brother Benjamin, C. S. C., will celebrate the fiftieth anniversary of his religious profession. It is more than fifty-three years since the venerable jubilarian left country and friends to lead in the congregation of Holy Cross "The life that is hid with Christ in God." Brother Benjamin has spent nearly half a century in the class room, devoting his life to the apostolate of Christian education.

NEW DEGENERATE IN ST. LOUIS.

"Freckles the Greaser" Added to List of Children Hunters.

St. Louis, Mo., Aug. 8.—"Freckles the Greaser" is St. Louis' contribution to the growing gallery of degenerates whose crimes against women and children are worrying the police of the big cities and interesting alienists. "Freckles," who is still at large, gets his name from the fact that he is a liberally freckled erotomaniac. His hunting ground is in the neighborhood of Jefferson and Scott avenues and his particular mania the smearing of little girls with grease. Several mothers have complained to the police of his conduct, although in each case they say the child molested suffered no serious injury.

GASOLINE CUT 1 CENT A GALLON.

Standard Oil Company Meets Competition at Detroit.

Detroit, Mich., Aug. 8.—The Standard Oil company has reduced the wholesale price of gasoline 1 cent a gallon within the last twenty-four hours, and the fuel could be bought for 13 cents here yesterday. This reduction has been met by the independent concern, the Greenslade Oil company. Kerosene remains the same price as heretofore.

In view of the recent decision of Judge Landis that the Standard Oil company must pay a fine of $29,240,000 this drop in price is mysterious.

Edward C. Conkling, local manager for the trust, refused to explain the reduction in the price.

"We have reduced the price of gasoline to 13 cents," said T. H. Stephens, of the Greenslade company. "We have no connection whatever with the Standard Oil company. We drop the price simply to meet competition."

A MONUMENT TO DAVIS.

Montgomery, Ala., Aug. 8.—The final act of the Alabama legislature, which adjourned last night, was for the erection of a monument to Jefferson Davis. It will stand within a few feet of the place where he received the oath of office and just in front of the old capitol where the ceremony took place.

CAPTAIN STREETER A PRISONER.

South Bend Sheriff Captures Fighting Sea Dog and Floating Arsenal.

South Bend, Ind., Aug. 8.—Captain George Wellington Streeter, former governor of the "Deestrict" of Lake Michigan, after having defied the laws, the police of South Bend and the sheriff of St. Joseph county, was yesterday afternoon lured off his steamer, the "Ola Streeter," and placed under arrest. Sheriff Shafer personally making the coup. The floating arsenal is also in the custody of Shafer and will probably be turned over to the lumber company for which a writ of attachment was issued. Streeter was arrested on a charge of contempt of court and it is practically certain that he will get a long jail sentence.

GERMAN LOAN FOR RUSSIA?

Report of Negotiation to Rebuild Fleet Appears Ill Founded.

St. Petersburg, Aug. 8.—There is no information to be had here regarding the report that Germany is to loan Russia $62,500,000 for the reconstruction of her fleet with the understanding that all the orders for warships be placed in Germany. Neither the foreign embassy nor the foreign office could shed any light on the report, but the sum of $62,500,000 is regarded as a mere bagatelle and the condtion that Russia place all orders for warships with German firms is declared to be most improbable. The government has recently given orders for the construction of warships in various Russian yards, but the full project of the construction of the fleet has not yet been formulated. It is noteworthy in this connection that opinion is gaining ground in military and other circles that Russia will have no use for a fleet except for coast defense.

LUNATIC SHAVES SCORES.

Patrons of Crazy Barber Learn Peril After Months.

Des Moines, Ia., Aug. 8.—Scores of Des Moines men learned yesterday how close they have been to death in the last few weeks, when the insanity commission found that J. A. Warren, a barber in a west side barber shop, has been crazy for months. Warren was arrested in the shop yesterday afternoon in the act of shaving a customer. His wife had sworn out charges of insanity. The man was led away from his patron and locked up in the county jail. He told the insanity committee that a band of negroes with two big bloodhounds had been on his trail for months, and that his wife also had been making trouble for him. Warren was taken to the asylum.

Germany's colonies are five times as big as herself, those of France eighteen times and Britain's ninety-seven times bigger than herself.

DENIES DECEPTION BY TRUST.

John D. Archbold Refutes the Statement of Federal Official.

New York, Aug. 8.—Answering the charge made at Washington by an officer connected with the bureau of corporations, that in every step the bureau has taken to get at the facts concerning the operations of the Standard Oil company it had met deception in man and deception in methods, John D. Archbold said yesterday that there had been no such conference with Standard Oil officials, as represented, and that no misleading or deceptive statement had been made by the Standard Oil company in connection with the governmental investigation. "Every word of my statement was the exact truth," says Mr. Archbold in his announcement. "If as much could be said of the comment of the alleged official, I do not think he should have allowed any consideration to restrain him from permitting his name to be given."

MARRYING STENOGRAPHERS.

A worthy statistician has figured that among women the business of stenography has increased more than three to one in the ten years between 1890 and 1900, and that of all the private secretaries, stenographers, typewriters, and so on, fully three to one are women. Of the total number of persons of sixteen years of age and over who are engaged in stenography, more than 76 per cent. are women. A curious feature of the statistics is that which shows that of the 85,086 women employed as stenographers in 1900, 52,816 were between the ages of sixteen and twenty-five and 26,001 were between the ages of twenty-five and thirty-five. After that age the number diminishes rapidly. This would seem to show that the stenographer gets married early and leaves her employment.—Pittsburg Dispatch.

A monument has been erected to Anna Holzel in the Schlossgarten, at Mannheim, Germany. She was the wife of a carpenter who in 1784 saved the poet Schiller from a debtor's prison.

Model Parisian Costume

This stunning costume with pleated skirt and modified surplice waist is made of dark cloth and trimmed with black and white striped silk to brighten the effect, that might otherwise be too sombre for summer. The elbow sleeves, finished with turned back cuffs, edged with a fluted ruffle of the silk, are full. The long sashlike girdle, ending in tassels, gives a decided touch of individuality to the gown.

PLEASURE CRAFT ARE GATHERING AT GLEN COVE

Preparations for the New York Yacht Club's Annual Cruise.

New York, August 8.—Glen Cove's picturesque harbor will be the rendezvous for the great fleet of schooners, sloops and yawls that are to take part in the annual cruise of the New York Yacht club. The skippers and crews of all the racing craft that will participate in the five squadron runs have been busy for a week or more putting them in shipshape, for there will be keener competition than ever this year in all the classes. The squadron will be under way early Friday morning for the first run from Glen Cove to Huntington harbor for the prize cups offered by Rear Commodore Frederick F. Brewster. Saturday morning the sixty-four mile race will be run from Huntington to New London. Monday the yachts will race forty miles to Newport from New London. Tuesday they run to Vineyard Haven, thirty-seven miles. The Astor cup race takes place Thursday and that for the king's cup next day. Local races in Newport harbor will be held August 17, when the squadron will disband.

The press tug which will accompany the fleet has been fitted up with a wireless apparatus which will keep the yachtsmen in touch with the world.

FOUR KILLED BY TRAIN.

New Jersey Party Attempts to Cross Flyer's Path.

Allenhurst, N. J., Aug. 8.—Four persons, employes of the Norwood house, were instantly killed last night when their carriage was run down by a Pennsylvania passenger flyer at the Corlies avenue crossing here. They were Thomas Edwards, a driver, and Loretta Grace, Jennie McDonald and Hannah Murphy, waitresses.

The Corlies crossing is just south of the local station of the New York and Long Branch railroad, and the station platform was crowded with summer visitors, who witnessed the accident.

Edwards had stopped his team at the crossing. As an excursion train drew out Edwards started his horses and the carriage was squarely on the rails when the flyer tore across the roadway. Horses, carriage, and occupants were ground to bits, the bodies of Edwards and the women being frightfully mangled.

WATER FRONT IMPROVEMENT.

Vast Shipping Facilities Planned for San Francisco.

San Francisco, Aug. 8.—Col. William H. Heur of the engineer corps, U. S. A., retired, has practically completed the plan for the comprehensive improvement of San Francisco water front and the building of 180 modern wharves, which will give sixty miles of berth room for vessels engaged in the commerce of this port. Colonel Heur's work has been done under the direction of the merchants' committee, which has undertaken the task of providing a complete plan for the development of docks under modern principles.

An important part of the plan, which includes wharves from the Presidio to the county line, is the proposed Islais creek basin. This plan provides for an inner harbor, with interior wharves between Islais creek and the Indian basin. In the last river and harbor bill there is an appropriation for the investigation of the Islais creek with the view of determining the practicability of dredging to a navigable depth for one mile inland.

CONTRABAND JAPS DEPORTED.

San Francisco, Aug. 8.—A hundred and six Japanese, the largest number ever deported from the coast, will leave on the steamer Manchuria for the orient today. The deportations consist of Japanese stealing over the Mexican border into the United States. They were brought here by the inspector in charge of the immigration bureau at Fort Worth, Tex.

FRANCIS MANIER LEFT FORTUNE

With Wife He Will Go to France and There Enjoy Rest of His Days.

Francis Manier, one of the oldest employes in the city street department, was notified Wednesday that he had been left a legacy by a relative in France. Mr. Manier has known for some time that he would fall heir to this, but could not get it until the estate was settled. While the bequest is not large Mr. Manier and his wife can live very nicely upon it for the remainder of their lives together with the savings which they have made during their long time in this city. Mr. Manier and wife expect to leave soon for France and have notified City Superintendent Bock to that effect.

Mr. and Mrs. Manier are about seventy years old and have lived in this city for the most part of their lives. Mr. Manier is well known by many of the citizens of this city and all will be pleased to learn that he has been rewarded after his many long years of hard toil.

LAYS CURSE ON SCENE OF CRIME

Dramatic Incident at Funeral of Murdered Girl at Dayton.

Dayton, O., Aug. 8.—At the funeral yesterday of Anna Markowitz, who was assaulted and murdered Sunday night near the spot where Dona Gilman met a similar fate, the officiating rabbi formally and with ceremony cursed the ground upon which the girl had been killed. He prayed that no rain would ever fall upon it and that no flower or spear of grass would grow upon it.

He recited a psalm and then went to each member of the bereaved family and slit their garments with a knife. This was done in accordance with an ancient custom, to show that the heart is torn with grief.

Harry and Jacob Markowitz and their sister Bertha were released from jail yesterday and attended the funeral. The meeting of the members of the family was dramatic. The father and younger sister were sobbing hysterically when the sons came in. The mother shrieked with horror and fainted.

WILL WAGE LUMBER WAR.

Indianapolis, Aug. 8.—In order that his companies might be organized the better to fight other lumber companies in the state, it is said Julius W. Pinnell has filed articles with the secretary of state for the incorporation of eight lumber companies in which he is interested. The total capitalization of the companies is $99,500. The local men in the various cities in which the companies are located are associated with Pinnell in their incorporation.

HARRY VANARNUM INJURED.

When attempting to jump off of a moving Fort Wayne and Wabash Valley interurban car between Wayne and Washington streets Wednesday, Harry VanArnum, of Jackson street, was thrown to the street and had his collar bone broken. He was taken to his home, where his injuries were dressed.

NEW RURAL CARRIER.

Paul C. H. Brudi has been appointed substitute carrier on rural free mail route No. 13, succeeding Louis A. Gocke, who resigned.

Nearly everything in seasonable goods in our store will be closed out at half price. Sale begins tomorrow morning at 8 o'clock.

TOTAL ABSTAINERS STRONG.

Catholic Temperance Society Has Over 1,000,000 Members.

Cleveland, O., Aug. 8.—The second day's session of the Catholic Total Abstinence Union of America, opened today with solemn requiem mass at the Cathedral.

According to reports made the union now has one thousand branches and over one million members. A lecture bureau will be established by the convention and the doctrine of temperance spread among Catholics in all parts of the United States.

CAVALRY ON LONG MARCH.

Fort Leavenworth, Kas., Aug. 8.—The first squadron of the Thirteenth cavalry, U. S. A., made up of 250 men, departed from here yesterday on its march to Fort Sheridan, Ill. The squadron will pass through Iowa and Illinois, stopping a while at the Rock Island arsenal, where, it is said, Kermit Roosevelt, son of President Roosevelt, may join the soldiers.

HOW IS THIS?

The cheapest suit made by Hart, Schaffner & Marx costs the merchant $13.00 at wholesale. Tomorrow Patterson-Fletcher Co. will sell Hart, Schaffner & Marx suits as low as $7.50

Evening Frocks

SIMPLE PRINCESS AND EMPIRE DINNER GOWNS SMART NOW

By Elizabeth Lea

Perhaps few questions in matters sartorial are so difficult to decide as that of providing dainty inexpensive dinner gowns. Morning frocks and afternoon dresses are easily disposed of, anything that is fresh, pretty and light passing muster, but the dignified, high sounding name of dinner gown seems to demand at least up-to-date styles and of course conventional lines, and thus is more of a problem.

Yet fashion was never kinder, especially to those inclined to economy, than at present, when day gowns can often be pressed into service for dinner wear. Still one such costume is an actual necessity, the dresses doing dual service, being reserved for simple, informal occasions.

In choosing materials for them it is well to bear in mind that anything too fragile, exceedingly crushable, or that succumbs quickly to any dampness in the atmosphere will not be a wise selection, unless one is prepared with warm irons every time the dress is worn. There are quite a number of fabrics that are fairly durable though exceedingly light. Crepe de chine is always good and so is net, whether plain or dotted, both being strictly evening goods and neither very expensive.

Chiffon cloth wears well and is adapted to dinner gowns; the same may be said of the radia and messaline silks. These are all in plain colors, but if one wishes there are stripes in the daintiest shades to choose from, also bordered materials with backgrounds in white or a figured surface.

The exquisite gauzes are certainly very tempting, but will not be an economical investment. I have not mentioned voile as a possible choice, or lingerie, as dresses of such materials will doubtless have been already included in the wardrobe.

Simple models are preferable, though this does not always imply that they can be carried out by the amateur dressmaker, though dinner frocks for young women may be successfully attempted at home.

The princess and the empire modes, sometimes a combination of both, are the most popular, and a pretty gown could be made of pale pink crepe de chine in princess style, fitting the form smoothly without tucks or shirring, the flare beginning about the knees and falling full en train. A deep flounce of pink Russian net appliqued with pink ribbon in a design, sprays or flowers, or simply in rows would be a pretty trimming on the lower edge, and the decolletege could be finished to suggest the empire by being draped with a scarf of the net drawn through buckles and arranged to fall over the back of the skirt. The short puffs would be of the net trimmed with quillings of the crepe de chine and a row of the quilling or a group of tucks could head the flounce on the skirt. The shoulder straps could be of pink chiffon roses, or, if preferred, velvet, pink, green or black, caught with buckles through butterfly bows.

For the tall, slender girl a pretty, unpretentious dinner frock could be fashioned from net or point de sprit, in white or a delicate color, made with a triple skirt, three flounces, each trimmed with ribbon, the waist a baby bodice gathered up in round Dutch neck into a narrow soft fold, edged with a dainty tulle tucker, the short sleeves being a series of small ruffles.

This would be a useful gown, alike correct for dinner or an informal dance, and quite easy of construction. The net robes are a wise investment, especially now they are so greatly reduced, and in choosing from this line it will be better to buy an inexpensive plain net gown (by this I mean not showing an applique), making quite sure first that it is sufficiently full, for cheaper grades are usually a little scant, and then picking up appliques of lace or other trimming and adding as fancy dictates.

BUTCHERS ACCEPT INVITATION

The members of the Retail Butchers' association have decided to accept the invitation extended to them by the Retail Merchants' association at a recent meeting to combine with them in giving the annual pure food show. Although the butchers will be new in this field they will take a great deal of interest in the food show and help to make it far better than ever.

POLICEMAN SLAYS FUGITIVE.

Philadelphia, Aug. 8.—Attempting to escape arrest for stealing brass fittings from the foundry where he was employed, Edward Pierce was shot and killed early today by Policeman W. W. Stevenson. Pierce started to run away when told to halt by the policeman.

HORTICULTURISTS IN SESSION.

Indiana Society Holding a Meeting at Purdue.

Lafayette, Ind., Aug. 8.—Incoming trains today added to the enthusiastic crowd of horticulturists, who opened a two days' meeting in the agricultural hall at Purdue university yesterday and the program for the closing hours was greatly enjoyed. It is the annual summer meeting of the Indiana Horticultural society and the attendance has been of a gratifying nature. W. T. Blythe, of the United States weather bureau, Indianapolis, received a cordial greeting when he was introduced for a talk on "Frosts." He explained the various frost formations and the conditions favorable to their end.

In response to a request from Bishop John E. Robinson, the Board of Foreign Missions has made provisions for the outgoing of three practical printers as missionaries, one for each of the Methodist publishing houses in Bombay, Calcutta and Madras.

Illustrative of a unique idea in waists is this design, with the yoke running down on the blouse. The yoke and front are cut in one to save material. The side plaits are then laid in and stitched to the yoke.

This pattern is cut in seven sizes, from thirty-two to forty-four inches bust measure. For the average person it will require four and three-eighths yards twenty inches wide, or two and five-eighths yards thirty-six inches in width.

When making the waist the yoke must be lined if it is to set well, but whether the body lining be used is optional.

The medium weight tub materials will be found more serviceable than heavy or sheer goods, as the former may be worn the year round. Linens are always pretty but rumple so easily that many women prefer the cotton weaves.

This waist would be effective fashioned from madras, or from plain linen finished cotton, a nice quality of which may be had for twenty cents a yard. The striped and plaid fabrics are newer than the figured goods. Plaid and striped muslins are also popular, and will be worn for shirt waists during the coming winter, and any number of pretty designs are shown for this purpose, in both tub and silk materials.

(These patterns are designed by Mrs. Jane Ford and published by The Independent-Peerless Pattern Co., 107 West Twenty-fifth street, New York.)

STUFFED CUCUMBERS.

Choose large cucumbers, two or three in number, peel and remove the seeds with an apple corer. Fill the cavities with a forcemeat made of a half pound minced veal, a quarter of a pound of fat bacon, also chopped; a half tablespoonful chopped onion, a tablespoonful minced parsley, one beaten egg, salt and pepper to season and crumbs to make a good consistency for stuffing. Place the stuffed cucumbers in a stewpan with a cup of stock, a tablespoonful butter, a tablespoonful vinegar and a minced onion and simmer for an hour. Strain off the sauce and thicken it with a half tablespoonful of flour. Pour over the cucumbers and serve as an entree.

LOOM-ENDS

Every factory and mill in the manufacture of their product accumulate Mill Ends or Loom Ends, as they are commonly called. They are short ends from the looms, ½ yard to 10 yards in length. These short ends are laid aside until the end of the weaving season; then they are tied up in great bundles and disposed of by weight—so much for a hundred pounds instead of so much a yard, the price always being less than the actual cost of the raw material they are made from. **LOOM ENDS** accumulate in all mills, therefore careful buyers by a persistent system of buying can secure loom ends of every conceivable kind and piece of goods that is made.

TRUST MAGNATES ARE PROMOTERS OF SOCIALISM

Prof. Zueblin Says So and Then Gives John Dee a Trimming.

Chicago, Aug. 8.—John D. Rockefeller, founder and supporter of the University of Chicago, was bitterly attacked yesterday by Prof. Charles Zueblin, of the department of sociology of that institution.

A similar attack was made by Professor Bushnell, of Washington, who declared that the whole world is turning to socialism in an effort to escape the burdens that have been piled on by the class to which Rockefeller belongs.

Professor Zueblin was greeted by a large audience when he appeared in Kent theater to deliver his second lecture.

Not only did he express emphatic opinions about the head of the oil combine, but he also criticised the Standard Oil company itself. He declared the defense made for the big corporation in the recent case in which it was fined $29,240,000 that it had only committed an offense that is common in business, was weak and cowardly.

The subject of Professor Zueblin's lecture was "The Constraint of Orthodoxy." He assailed orthodoxy, not only in religion but in economics, politics and social life, declaring it to be the cause of many of the present day evils. He said in part:

"John D. Rockefeller, J. Pierpont Morgan, E. H. Harriman and the other trust magnates are doing more to make socialism possible than are its most zealous adherents. They are consolidating the industries and thereby simplifying the process for state ownership, which constitutes socialism."

Real Friends of Socialism.

"The real friends of socialism today are Rockefeller, Morgan and Harriman, men who are organizing great international industries," said the professor. Eventually it will be a comparatively easy matter for the government to take these industries over.

"The socialistic zealots are enemies to their creed, as compared with these men. The man who conceives his mission to be to get up whenever opportunity offers and say that socialism is the only thing that will save society is retarding evolutionary socialism. The people who are trying to be altruistic, trying to keep their minds open and ready to accept a modified new society, are the ones who are forcing us into new lines of thought, and not the people who get up with their shibboleth and hope by saying a few mystic words to steer the masses who have not thought the thing out.

"When the Standard Oil company had imposed on it a great fine the other day it was following popular drift when its defense was that 'everybody does it.' This is the defense for all kinds of business chicanery. Many business men have made the same defense for Banker Walsh, who happened to be caught, although it was maintained that 'all the other bankers were doing the same thing.' This defense is one of the results of economic orthodoxy."

Talks About Politics.

In discussing "political fallacies," Professor Zueblin said: The United States Constitution is to many of us as sacred as the Nicene or the Apostles' creed. The framers of the Constitution did not believe the American people could govern themselves. So they evolved a system of checks, and since that time the people have not governed themselves. The worst fault of the Constitution is that it interferes with spontaneity.

"It is a misfortune to be ruled by an autocrat, a benevolent despot. It is very much better to have a petty ward politician in the mayor's chair, as we have, than to be governed by a one-man power.

"Class consciousness is the most conspicuous article of faith of the economic orthodoxists, not of the great unwashed, but of leading people. The conception of liberty in this country is one of our great and precious heritages, but we play with it a great deal. We are considerably muddled to know just how much the law ought to interfere.

"Many people would much rather abandon their religious faith than omit any of the social amenities. Why should not a man go to dinner in his shirt sleeves instead of a claw hammer if he is more comfortable that way? It's the orthodoxy of conventionality that we all subcribe to. It seems strange that in a country like America there should not be more of fatherhood and motherhood in the home instead of mastership and mistressship. Our social position must be shaky, to say the least, when we are so reluctant to let our daughters learn to sew and cook.

Orthodoxy of Fashion.

"In social life the orthodoxy of fashion prevails. Shop girls dress as the leisure class dictates, regardless of the convenience and comforts of their work and station. The leisure class is just as influential in this country as it is in England, if not so well defined. But the one in England will do just as well, because it sets our standards for us, and we bow down before it. The artificial standard that it sets up we try to imitate, even in the clothes that we wear.

"We have a class which has nothing to do but think about where it shall live and how it shall spend its leisure. Yet if we have no right to demand that a man stand on his own feet and prove his own worth in the world, irrespective of where or with whom he lives, can we expect independence of religious thought?

"Take the orthodoxy about the race question. Whites cannot concede that any belief more liberal than theirs is correct. Our orthodoxy won't swallow the idea that the negro is a man. I see little hope of the solution of the race problem because of this intense race orthodoxy. Nobody has a right to assume to despise the Chinese. One must be humbled in the presence of such a race. Some will say that they like the Japanese better because they happen to know a few Japanese university students and a few Chinese laundrymen. It is better to belong to a yellow race than to a degenerate one, and we have degenerate representatives in the white race.

Good in Two Parties.

"There is a political orthodoxy, and we call that loyalty. Loyalty to some petty political party, of which he knows no more than that his father belonged to it, is the test of some men's conception of political science and the art of government. The existence of two great political parties of this country is as good an example of orthodoxy as the Methodist and Baptist churches in religion. There must be two parties with slight differences in order to put men into office.

"The most repugnant expression of orthodoxy is the continuance of the worship of the tribal deity. This is seen in the worship of the Anglo-Saxon deity during the Boer war, in the invocation of the kaiser when he sent his troops to China, in the devotion to the Russian deity as shown by the attitude of the czar. This is dragging down the Infinite to the basis of jingoism, and in supposedly civilized countries.

"The ordinary person cannot give a reason for his devotion to a religious belief. He is orthodox in it, that's all. He is devoted to his devotion. There were people who listened with great delight to Ingersoll's lectures on the mistakes of Moses, who would have pulled out what hair he had left if he had lectured on the mistakes of McKinley. Men scoff at the story of the golden leaves forming the basis of the Mormon belief, when they can't produce the tables of stone on which were written their ten commandments."

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors.

Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. Johnston, Linton, Miss. For sale by all druggists.

Natural soap baths are not an unmixed blessing. The curious soap spring that forms a wonder of a village in Timor, East Indian islands, consists of a small elevated mud cone, from which bubbles up water heavily charged with alkali and radium, the discharge giving the appearance of a miniature volcano. A disadvantage of such a washing place is that vegetation is ruined for miles around.

"We never repent of eating too little," was one of the ten rules of life of Thomas Jefferson, president of the United States, and the rule applies to every one without exception during this hot weather, because it is hard for food, even in small quantities, to be digested when the blood is at high temperature. At this season we should eat sparingly and properly. We should also help the stomach as much as possible by the use of a little Kodol for Indigestion and Dyspepsia, which will rest the stomach by digesting the food itself. Sold by all druggists.

King Victor Emanuel of Italy is, perhaps, the most literary monarch in Europe. He knows English, French and German equally well with his native language and has a reading acquaintance with Russian. He spends at least three hours a day in his study busy with current literature of every kind.

Pincules are for the Kidneys and Bladder. They bring quick relief to backache, rheumatism, lumbago, tired worn out feeling. They produce natural action of the kidneys. 30 days' treatment $1.00. Money refunded if Pincules are not satisfactory. Sold by Meyer Bros. Co., three drug stores, 602, 902 and 1424 Calhoun street.

HOW IS THIS?

The cheapest suit made by Hart, Schaffner & Marx costs the merchant $13.00 at wholesale. Tomorrow Patterson-Fletcher Co. will sell Hart, Schaffner & Marx suits as low as $7.50

The season for business and pleasure in Simla and the other summer resorts in the Himilayas is from the middle of April to the end of September. During that period the government is removed from Calcutta to Simla. During the hot months there are 4,000 white people in Simla; the rest of the year only 400.

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. THAT SKINNER BOY.

He Has More or Less Sport With a Lawn Mower.

HIS MOTHER WASN'T WISE.

Thought Her Darling Boy Could Be Trusted to Bring Home Machine Head of Household Had Purchased From a Neighbor.

[Copyright, 1907, by P. C. Eastment.]

"Humpy," said Mrs. Skinner as her oldest and only was looking all over the house after breakfast for his cap and his schoolbooks and declaring that some thief had got in during the night and stolen them, "you needn't go to school this morning. I have got an errand for you to do. Mr. Jackson, who lives over on Wintergreen street, was here last evening, and he sold your father his lawn mower for $2. You can

THE FUN SPEEDILY BEGAN.

go and bring it home and cut the grass in the back yard. Do you think you are big enough to do that?"

"Why, ma, I could bring home ten mowers!" was the boy's enthusiastic answer as he found his books under the lounge and his cap in the kitchen next minute.

"You'll have to be very careful. It's a responsible thing to drag a lawn mower through the streets. Dogs and cats and boys will follow you the same as they do a wild west show."

"But I've wheeled a wheelbarrow over two miles without anything happening."

"Yes, I remember, but a wheelbarrow does not go bur-r-r-r-r when you wheel it along. Your father paid cash down for that mower, and if anything should happen to it I don't know what he would say and do. Don't you go after it unless you think"—

"But I do think," interrupted Humpy. "If I hain't big enough to bring a mower home, then I ought to be spanked and put to bed."

After a little more argument and several cautions he was permitted to depart, and he went his way with proud heart. He had gone only one block when the Watkins boy came out of a grocery with a package of sugar and wanted to know what was up. On being told he said:

Would Have Licked the British.

"And I'll go along, and we'll get about ten other boys. Say, Humpy, it will be the greatest thing you ever saw. You can have lots of fun with a wheelbarrow, but it don't begin with a mower. My father says that if Napoleon had had 10,000 lawn mowers at the battle of Waterloo he'd licked the British all holler."

A minute later they picked up the Simpson boy and the Taylor boy, and then came two unknown but enthusiastic hoodlums. Before Wintergreen street was reached the crowd numbered ten, and the Watkins boy constituted himself as assistant leader of the expedition and halted the band to say:

"Now, kids, it's almost the same as if we were going out to fight Indians. Every boy has got to keep his eyes skinned for the enemy and look out for his scalp. Any one that runs away will be called a coward. Hump Skinner is the general, and what he says goes. We will now bear down upon the hostile village and wipe it off the face of the earth."

This was satisfactory to all but one of the hoodlums. He wanted it to be a band of highway robbers instead, but after a brief tussle, in which he had his hair pulled and his nose skinned, he gave up and marched along in humble spirit. Mrs. Jackson was ready to turn over the mower, but took Humpy aside and asked:

"Bub, do you fully realize what it means to drag a mower through the streets?"

"I do," was the reply.

"It's different from walking up to a dago stand and buying two bananas for 5 cents."

"I know."

"There's a bur-r-r-r-r and a whir-r-r-r-r to it as you push it along."

"Yes'm."

"Well, if you are prepared to take the consequences I have no more to say. If anything happens to the mower your father mustn't blame us."

"No, ma'am."

Was Dragged Down the Street.

The lawn mower was dragged out of the yard and down the street for a block. Humpy and the Watkins boy pushed it ahead of them, and the others ran on ahead or followed on behind. When they had gone a block and a half they came upon a milkman's horse and wagon hitched in front of a bakery. The old horse had heard a thousand different noises without becoming frightened, but when that bur-r-r-r-r reached his ears and he saw the band of boys charging down upon him he reared up and then made a bolt down the street. The driver came rushing out and cuffed three or four of the crowd and then followed after the horse. Humpy was scared, but the Watkins boy braced him up by saying:

"A lawn mower has got the same rights on the streets as a milk wagon, and they can't touch you. S'pose the mower had got scared and run away, could you have done anything with the milkman?"

Things went all right for the next five minutes, and then a policeman stopped the band and said:

"Drawing an infernal machine through the streets, are you? Well, I'll soon put a stop to that."

"Please, sir, but it's only a lawn mower," explained Humpy.

"Then what's it making that noise for?"

"I don't know, sir."

"But you ought to know, and his honor will see that you do know when you are brought before him. You are on your way to blow up the city hall, and don't you dare deny it."

"Please, sir, but I think I know why the mower makes that whining noise," volunteered the Watkins boy.

"Then out with it."

"I think it has the colic, sir."

"Yes, I shouldn't wonder if it was. This weather's enough to give a crowbar St. Vitus' dance. You'd better stop at the drug store and give the thing some peppermint."

Two blocks after leaving the officer, who kept following them, with eyes of suspicion, the band met four big hoodlum boys, who at once decided to take charge of things. There was a fight, in which they were victorious, but they were not mean spirited. After getting possession of the machine they invited the weeping and indignant Humpy and his following to enter an old wood yard with them and witness the fun. They had a goat shut up therein, and the fun speedily began. The biggest hoodlum took off his coat and cap and seized the handles of the mower and began to chase the goat around. When he got tired one of his crowd took up the chase, and it was continued until at length the frightened creature made a long spring and leaped the fence. Then Humpy, as owner of the mower, was trotted out and made to perform, and it was over two hours before the owner of the yard happened to pass that way and drove the whole crowd out with a club. Then the hoodlums went their way, and the mower was headed for home. It was within four blocks of the Skinner house and was being pushed along by two small boys who insisted on sharing the honors when a fat woman with a basket on her arm turned in from a side street. She no sooner caught sight of the mower than she cried out:

Her Long Lost Wheelbarrow.

"Ah, but it is my long lost wheelbarrow in the hands of these young ruffians! Give it up to me at once!"

"But this is no wheelbarrow," protested Humpy.

"Don't talk to me, you young gallows bird! Do you think I've arrived at the age of fifty years and have got to weigh over 200 pounds and can't tell a lawn mower from a wheelbarrow? I say that it's a wheelbarrow that was stolen from me a whole year ago. There's the green paint on it to identify it. Hand it over or you shall go to jail."

"Madam, can't you see that this is not a wheelbarrow?" insisted Humpy. "A wheelbarrow has two handles and a wheel in front, while this"—

"And you'd rob a poor old woman of her only wheelbarrow, would you?" shouted the other as she grabbed for the handle to get possession.

In the struggle she was upset and her basket knocked into the middle of the street, but as the boys ran away with the machine an ice wagon came trotting along just in time to run one wheel over and reduce the thing to a wreck. The iceman stopped and began to jaw, but in a minute he was gone. The crowd of boys, with Humpy at their head, had melted away. When Humpy stopped at last only the Watkins boy was with him.

"Hump," he asked when he could get his breath, "will your father give you a licking for this?"

"The awfulest kind of a licking."

"Will you holler for mercy?"

"I'll holler till you can hear me a mile away."

"Then the boys and me will be in the alley to hear you and be glad it hain't us. Goodby, Hump." M. QUAD.

Their Second Meeting.

We met; 'twas in a crowd; she looked at me
With such a look as I shall ne'er forget,
And, gazing in her eyes, I knew that she
And I some other where, some time, had met.

The look she gave me filled my breast with pride,
For as I halted just inside the door
I knew that she remembered me and tried
To recollect where we had met before.

And then it came to me, all in a flash,
And in that instant she remembered, too;
I'd knocked her automobile all to smash
When I was nervous and my car was new.

FREES BOY WHO TOOK 20 CENTS.

Judge Says Amount Is Too Small to Blast a Reputation.

Cincinnati, Aug. 8.—Acting Police Judge Fox yesterday dismissed Fred Ruble, aged, 17, of 416 David street, charged by the Rudolph Wurlitzer company with stealing 20 cents. The prosecuting attorney strenuously objected, asking that the case be decided according to the law and the evidence.

"When I raised my right hand to take the oath of office," said Judge Fox, "I took an oath that I would uphold the law and act as a judge of this court should. I will decide the cases as my conscience dictates."

There was a ripple of applause, which the court officers at once suppressed. The Wurlitzer company had been missing money and marked four nickels, which it was charged Ruble took. After the evidence was in and arguments concluded Judge Fox said he did not care to blast the young man's reputation because of four marked nickels.

S.S.S. PURIFIES THE BLOOD

Bad blood is responsible for most of the ailments of mankind. When from any cause this vital fluid becomes infected with impurities, humors or poisons, disease in some form is sure to follow. Eczema, Acne, Tetter, Boils, Pimples, etc., while they show on the skin, have an underlying cause which is far deeper—an impure, humor-infected blood supply, and until this is corrected, and the blood purified, the distressing itching and burning symptoms will remain. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Blood Poison and all other blood disorders, are the result of a vitiated, polluted circulation, and will continue to grow worse unless the poison is removed from the blood. In all blood and skin diseases S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all waste matter, humors or poisons, and makes the blood pure and health-sustaining. Nothing reaches inherited taints and old chronic troubles like S. S. S.; it cures because it purifies the blood and restores lost properties to the impoverished circulation. Not only is S. S. S. a blood purifier of the highest order, but a tonic and appetizer without an equal. Book on the blood and any medical advice desired sent free to all who write.

CAMNITZ, PITTSBURG.

Once upon a time the Pittsburg club drafted Camnitz from the land of the cotton bale. He came north and did not succeed very well, so Pittsburg let him go elsewhere under an arrangement by which he could be recalled whenever the Pittsburg club thought it needed him.

Camnitz went into the American association. There he learned better control of the ball, and he also learned some of the finer points of the game which he had not happened to pick up in the south.

By and by Dreyfuss came to the conclusion that it would be a good thing to call Camnitz back to Pittsburg, as the Pirates were in desperate straits for pitching talent. So Camnitz returned to the city of smoke and has been pitching good ball for the Pirates since.

All of which goes to show that if a player doesn't happen to make a success of his first venture in fast company it is by no means certain that he will not be ready later.

ANGUS POINTER BREAKS A SEASON RECORD AT BUFFALO

Gelding Paces Mile in the Best Time This Year —The Summaries.

Buffalo, N. Y., Aug. 8.—The fastest mile paced this year was made yesterday by Angus Pointer in the free-for-all pace at Kenilworth Park. The track was lightning fast and Angus Pointer covered the distance in 2:03¼. Angus Pointer was made favorite, only three horses facing the wire. Baron Grattan went to a break at the quarter and after regaining his feet broke again and was distanced.

The Iroquois Hotel stake, $2,000, went to Turley, driven by Ed Geers. Turley lost the first heat, but took the last three straight, beating Lady Gail Hamilton. Kid Shea was distanced.

Carlo was fancied in the 2:20 trot, but the winner turned up in Sarah Hamlin, who won the last three heats. Carlo burst a blood vessel in the third heat and went down. Dickerson escaped injury.

While scoring in the last heat the judges removed Coonrod, driving Oliver Moore, and placed Benyon in the sulky. He was fined $50 for bad deportment. The summaries:

SPORTING NOTES.

Buck Connors is playing first base for Milwaukee. He was formerly with South Bend.

President Carson of the Central League, has signed Arlie Latham, the former big leaguer, to umpire for the balance of the season.

Jack Curley, Chicago's impresario, is figuring on sending Yanger and Dave Barry, the former's sparring partner, to Fort Wayne to train the latter part of this week. Yanger meets McFarland in this city August 20.

George Nill got a triple, a double and a single out of three times up in the game at Washington yesterday.

Pitcher Vince Robbins, of the Shamrocks, who has been spending his vacation in Pennsylvania, has returned.

Tecumseh, of the Southern Michigan League, wants a booking with the Shamrocks and has written for a date after the close of the season. The club will be taken on as it is a good one.

Stovall, who attempted to brain Lajoie with a chair at Philadelphia, has been indefinitely suspended and will not play organized ball again. The manager is tired of listless work and says the players must do business from this time on.

It is reported that Billy Nolan, manager for Battling Nelson, is to quit the Dane. Nolan claims that Dal did not train faithfully for the fight and that in his work his mind was centered on anything but getting into good shape.

It is reported that a Frisco sporting man of considerable means is willing to wager $5,000 that Nelson can beat Britt in a return twenty-round battle, provided Nelson is given three months to get in shape. The Dane needs a physician's care.

Kid Herman, the Chicago lightweight, has started training in hopes of getting a match with Britt. Herman received a slight shade decision over Benny Yanger at the ball park in Indianapolis last summer and was afterwards knocked out in eight rounds by Joe Gans.

John T. Powers, of Chicago, formerly president of the Wisconsin Base Ball League, figured in a sensational capacity at Goldfield, Nev., where he appeared to umpire a game between two teams of miners with revolvers strapped around his waist. He was disarmed by the sheriff and then the game proceeded. The contest was for $5,000 a side, but Powers escaped with his life.

Sammy Moss, the featherweight champion of the state, who has been camping for the last two months, has deserted his camping pugilistic mates, Young Snarkey and Freddie Cole, and has gone back to his trade as toolmaker. Moss has been laid up for some time with an injured hand, which he broke while in training for a bout that was to have taken place before the Indianapolis club. However, his hand is strong again and Sam says he can punch just as hard as ever.

Jack Johnson, the colored heavyweight, who declares he made James J. Jeffries retire, and who is anxious to prove that he is the best heavyweight in the business, has wired his acceptance to the offer made him by James Coffroth of Frisco to fight Tommy Burns for the heavyweight title of the world. Determined to grasp firmly the chance that now lies within his reach, the colored fighter, to make the signing more certain, authorized Coffroth to offer Burns an extra 5 per cent for signing.

President Murphy of the Chicago Cubs, says that from a financial viewpoint he would prefer to have the Chicago White Sox meet the Cubs in the next world's championship series. He says the White Sox would draw more people, not only from Chicago, but from surrounding states, than if a series with some other city, say Cleveland, Detroit or Philadelphia. That would mean more money for the players. Then there would be the elimination of railroad trips and hotel bills. That would mean more money for the two clubs.

Negotiations the Dayton base ball club has been carrying on to secure Bobby Lowe, of the Detroit American leaguers, to manage the Old Soldiers, have resulted in failure. The Detroit club was satisfied with the deal arranged by the local magnates but left it to Lowe to say whether he would accept or not. Lowe says nay and gives his reasons, which are pretty good ones. The Tigers, he figures, have a splendid chance to land the American League pennant. If they do so, a world's championship series with the Chicago Cubs would of course follow and each player would be in on the gate receipts. Lowe figures that this would net him a couple of thousand dollars, perhaps. That's the reason he doesn't accept the proposition he told Secretary Redelle in a talk over the long-distance telephone Wednesday.

WON'T DO IT AGAIN.

The Barbers Said a Thing or Two About Their Customer.

Quietly entering a barber's shop, the stranger removed his hat and coat and, taking a card from his pocket, wrote on it:

"I want to be shaved."

A barber stepping forward read the card and, pointing to a chair, said to his brother artist:

"Deaf as a brass kettle and dumb as an oyster."

The man straightened himself out in the chair when his manipulator began lathering his face.

"This deaf cuss has a cheek like a stone wall," he said, when a general laugh followed.

"Stick a pin in him and see if he is entirely dumb," said another.

The victim remaining undisturbed, the following shots were fired at him by the delighted tonsorial artists:

"He needs a shampoo. His head is dirtier than a public house doormat."

"Shave him with a stool leg. Don't spoil your razor on that stubble."

"Gracious, what a guy! He'd make a good bird frightener."

"He ought to rent that nose for a locomotive headlight," etc.

While all these complimentary allusions were flying about him the operation of shaving was finished, and the man arose, put on his coat and then, turning to the astonished barber, said:

"How much for the shave and compliments?"

"I—I—I!" gasped the astonished man. "Oh, nothing—nothing—call again—excuse"— And as the stranger left the shop the discomfited barbers swore that they would never believe in a deaf and dumb man again until they had first fired a ten pound cannon about his ears.—Boston Herald.

The Associated Charities.

A lady whose cook had suddenly taken her departure went in search of another whose address had been given to her.

Reaching the alley, she rapped at the door, which was opened by a portly colored woman. A still larger one was occupying a rocking chair in the room. The lady stated her errand.

"No'm, I isn't 'tendin' to wuk dis yer winter. I's gwine to rest."

"Then perhaps you know some one who would like the place?"

"No'm. Fac' is, de cullud ladies in dis alley all means to tek a rest. We goes to de 'sassinated charities fo' what we wants."—Woman's Home Companion.

To Be Exact.

"What's that sign you're making there?" asked the grocer.

"'Fresh Eggs,'" replied the new clerk.

"H'm! Make it read, 'Fresh Laid Eggs,' while you're about it."

"What for? Everybody knows the eggs were fresh when they were laid."

"Just so, and that's all it's safe for us to say about them."—Catholic Standard and Times.

Ready to Sacrifice Himself.

"I suppose," said the beautiful girl, "you believe in art for art's sake?"

"Yes," replied the painter, "but I'd be willing to give it up if I were to marry a rich woman and she insisted on having me live for her alone."—Chicago Record-Herald.

The Remedy.

Is your nose turned up or down?
Massage it.
Wears your brow a constant frown?
Massage it.
Is your neck a scrawny rope
With a henlike forward slope?
Do not grieve or give up hope—
Massage it.

Seems one arm than t'other slimmer?
Massage it.
Is one eye than t'other dimmer?
Massage it.
Is one shoulder out of level,
Giving you a sort of bevel?
Just you rub it like the—mischief—
Massage it.

Do you fear a double chin?
Massage it.
Grows your cheek too pale and thin?
Massage it.
Does your eastward ear protrude
In a manner weird and rude?
Do not have the thing unscrewed—
Massage it.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Aug. 8.—The opening dealings in the stocks showed liquidation still in force and there was some sharp declines and heavy offerings of some of the prominent stocks. Union Pacific sold at 131½ and 131 on simultaneous sales of 5,800 shares compared with 132⅛ last night and sold lower on subsequent transactions. Northern Pacific and Canadian Pacific fell 2½. Colorado & Southern 1¾, St. Paul 1⅝, Northern Pacific 1½, Southern Pacific and Sugar 1⅜ and Atchison, Great Northern preferred, Kansas & Texas, Wheeling & Lake Erie, United States Steel and Anaconda a point. Third avenue sold at a decline of 5 points and Minneapolis, St. Paul & Sault Ste Marie preferred advanced 2⅞ and Delaware & Hudson 1.

A futile effort to sustain prices gave way to downward plunges in which raiding tactics by the bears were indicated by the feverish recovery. Union Pacific, in the course of a 1⅝ point decline broke as much as 1¼ on one sale of 500 shares and then rallied 2¾. The Harriman and Hill group, Reading and Copper bore the brunt of the attack. American Smelting fell 4 and the preferred 3, both touching par. Northern Pacific declined 3½. Reading and St. Paul preferred. Atlantic Coast Line and Pressed Steel Car preferred 3. Southern Pacific and Great Northern preferred 2½. General Electric and Amalgamated Copper 2¼. St. Paul, Atchison, Kansas & Texas and Mackay Companies preferred 2 and Pacific Mail, Sugar and Anaconda 1¾. Virginia Iron sold at a decline of 9, and Third Avenue 7¼. Covering by shorts caused rallies of 1 to 2 points in the most active stocks towards the end of the hour.

After a rally in Amalgamated Copper to 1 point over last night the drive against Reading carried that stock to 93. Union Pacific fluctuated wildly down to 129 but was supported effectively and prices rallied again. Atlantic Coast Line fell 4½. Canada Southern 2⅝. Union Railway and Investment preferred 4 and Sugar preferred 2. Minneapolis, St. Paul & Sault Ste Marie rose 1¾. Bonds were dull and easy.

The support which the market was receiving grew notably stronger, and as a result the morning losses were largely made up. A few of the earlier weak features sold a fraction above yesterday's closing including St. Paul, Southern Pacific and Great Northern preferred. Union Pacific rallied to within ⅛ of yesterday's close and Smelting sold at 103. The trading became dull at the recovery.

Interests who bought stocks to support the market, let them go at intervals during the afternoon but there were no serious setbacks and the market rallied while the selling ceased. Missouri Pacific, Atchison preferred and Western Union rose 1. St. Louis Southwestern preferred declined 2.

The market closed quite active. During the final hour the covering movement amongst shorts extended the rally to net advances in Delaware & Hudson of 4⅜ points, Amalgamated Copper 2, Southern Railway preferred 1½, Baltimore & Ohio 1¾, Great Northern preferred and American Locomotive 1¼, and St. Paul, Northwestern, Pennsylvania, Louisville & Nashville and Sugar 1. Federal Sugar sold at a decline of 3. Prices moved with some uncertainty later in the day on [illegible] again.

THE MARKETS TODAY.

Wheat Fluctuates Another 2c Downward on Account of General Conditions.

Wholesale and retail markets were of fair size today, the wholesale being the largest of this week. Butter and eggs are weak as the supply is way above the demand. Buyers are holding off from them for they feel that they will go down in several days, but those that know do not believe so. Potatoes held firm and the price shot upwards, going up to $1 a bushel for high grade stock. The grade is getting better every day now.

The weakness of butter and eggs is due to this time of the year as it is very hard on them. In a month or six weeks the grade will be better and the prices will consequently ascend. Poultry is holding firm with not any too many coming in and the demand equal to the receipts.

On account of the general wheat conditions all over the country wheat gain declined 2c today, the millers paying 84c for old and 82c for new. This morning at the Tresselt mills it was figured out that the acreage on wheat so far averages about 13 bushels. The average yield is about 18 so that the crop this year is better than a half a one as was expected early in the season. The millers are greatly troubled though with the "chent" which is in almost all of the wheat and which cuts the price on the farmer considerably. This could be kept out of it if it were properly blown when threshed. The stock market receipts are light now also. The only stock that is not scarce is lambs but they are very high. Hogs are moving very slowly and the packers are awaiting for the supply to come in in four or five weeks.

FOUND DEAD IN HIS STABLE.

Lorain, Ohio, Business Man Puts End to His Life.

Lorain, O., Aug. 8.—Arthur L. Fitch, superintendent of construction of the Sheffield Land company of this city, was found dead in his stable last night with a bullet wound in his head. It is believed to be a case of suicide, although Fitch's wife insists that he was murdered. Fitch was prominent and prosperous.

The authorities say Fitch doubtless committed suicide. A revolver recently purchased was found by his side. There was no evidence of a struggle.

QUIETER IN BELFAST.

Belfast, Ireland, Aug. 8.—The dispute in the coal trade here has been settled and work was resumed today.

The troops again took possession of the streets today, the factories are reopening and the normal conditions of business are gradually returning.

KILLED ON THE TRACK.

Bloomington, Ind., Aug. 8.—Thomas Swafford, aged 68, and his son-in-law, John Hatfield, aged 52 years, were killed at the Stinesville railroad station last night by being knocked under the wheels of a passing train by a runaway team.

UNION PACIFIC DIVIDEND.

New York, Aug. 8.—The directors of the Union Pacific Railroad company declared a regular quarterly dividend of 2½ per cent on the common stock this afternoon. The last dividend amounted to 2½ per cent, but was not designated as regular at that time. The directors also declared the regular semi-annual dividend of 2 per cent on the preferred stock.

PROGRESS IN NEW ZEALAND.

Wellington, N. Z., Aug. 8.—The bill providing for the election of an upper house by the house of representatives today passed its committee stage in the latter chamber. One of the clauses by which women electors are eligible to election as members of the upper house, was adopted by 37 to 26 votes.

MUST SURRENDER DESERTERS.

Washington, Aug. 8.—In the matter of conflict between the German consul and the Chinese vice consul at San Francisco over the twenty-four Chinese deserters from the German tramp steamer Tolosan, the department of justice decided today that the deserters should be surrendered to the German consul.

WORK ON ORE DOCKS NORMAL.

Superior, Wis., Aug. 8.—The ore docks of Allouez and Mesaba last night caught up with the boats for the first time since the beginning of the recent strike. There are boats here for ore today but no more than the docks can handle and so far as the ore traffic is concerned there is no likelihood of a congestion in sight.

BIG GRAIN ELEVATOR BURNED.

Baltimore, Md., Aug. 8.—The Baltimore & Ohio grain elevator standing at Henrietta and Howard streets, was burned today with contents. The loss is estimated at $175,000, of which $125,000 is on the building and $50,000 on the grain. The building contained 84,000 bushels of grain, chiefly corn.

CAR SHORTAGE CLOSES MINES.

Trinidad, Col., Aug. 8.—Being unable to secure cars on account of the trainsmen's strike on the Colorado & Southern railroad sixteen coal mines in this vicinity have closed down, throwing out of work more than 2,500 men.

ONE DEAD; THREE HURT IN WRECK

Danville, Ill., Aug. 8.—One unidentified man was killed and three trainmen received serious injuries last night in a wreck on the Indiana Harbor division of the Big Four railroad caused by some one placing a stone in a switch. The three injured men live in Chicago. They are Ed T. Bates, engineer; John Burnschein, fireman, and Charles Cooper, brakeman.

Day's Happenings in the Industrial World

ABATING TRAMP NUISANCE.

Pennsylvania Makes Report of Its Efforts in That Line.

Official figures, now filed, show that on the eastern lines of the Pennsylvania railroad during the month of May, 299 arrests were made for illegal train riding. The largest number was on the Eastern Pennsylvania division, which comprises most of the main line between Philadelphia and Pittsburg. The Erie division and Northern Central had 98 arrests, the Western Pennsylvania 59, the B. & A. V. division 14 and the New Jersey division 9.

Of the 299 persons arrested, 102 were fined and 141 were confined in jail from one to thirty days. In 15 cases the sentence was suspended, while 2 principals were discharged.

Strenuous efforts are being made by the Pennsylvania management to put an end to illegal train riding, which has increased very greatly in the last few years. On the Erie division of the Northern Central railway alone last year, there were over 1,000 arrests for illegal train riding, while on the entire system there were over 3,000.

BIGGEST ENGINE IN WORLD.

American Works Building One That Weighs 413,000 Pounds.

The largest steam locomotive in the world is about to be turned out from the plant of the American Locomotive works at Schenectady for the Erie railroad. It will haul on grades a train of loaded cars a mile and a half long without helpers. Its weight is 413,000 pounds. The engine is, in reality, two engines under one boiler. It has four cylinders. The engine is designed for pusher service and will operate on the Susquehanna hill, between Susquehanna and Gulf Summit pass.

While the capacity of this enormous locomotive is more than double that of the heaviest freight engine now in service on the road, the load on any single pair of driving wheels is less than that of many of the ordinary road engines of the present day.

MANY STRIKERS REPORT.

Seventeen of the Old Employes Reinstated at Bass Foundry.

Seventeen of the strikers resumed their old places in the Bass foundry this morning and provision is being made for the accommodation of another lot of them next Monday. The men are received without discrimination and in time all who wish it will be re-employed. Fifteen of the men who reported this morning are moulders and two of them coremakers.

BIG PENNSY SHOPS AT ALTOONA

Before cold weather sets in the big lathe and vise shop being built by the Pennsylvania Railroad company just west of Twelfth street bridge, Altoona, will be completed. The iron stairway leading from the bottom to the top of the building is being put in, as is also the elevator.

Just as soon as the building is ready for occupancy the company will move in the machinery to make way for the construction of the upper end of the structure, work on which will start April, 1908. The big cab shop, east of the bridge, is about completed and preparations are being made by the company to take possession.

WILL TAKE PLEASURE TRIP.

Next Monday A. R. Holloway, chief clerk in the Wabash supplies department, will begin a two weeks' vacation. He has invited his sister, Miss Holloway, of Huntington, to join him in a trip to the lakes and they will first go to Wawasee and thence to other resorts in Indiana and Michigan. Miss Holloway has the distinction of being the only woman employed in a clerical capacity by the Erie company. She occupies a responsible position and she was retrained two or three years ago when other women were dismissed because of her capabilities in the line of work in which she is engaged.

WILL HAVE BIG CROWD.

Bowser Excursionists to Winona Will Require Two Trains.

The annual excursion of the Bowser employes to Winona tomorrow is going to esclipse all of its predecessors in the way of numbers and to handle the crowd the Pennsylvania company made arrangements to run two special trains. All of the employes at the works will go on the excursion and most of them will be accompanied by one or more members of his family.

MR. SCHOYER'S SPECIAL.

While no effort to make a phenomenal speedy run was made, the trip of General Supt. A. M. Schoyer's special train over the Western division of the Pennsylvania yesterday afternoon was very satisfactory, the 279 miles between Crestline and Chicago being covered in five hours and forty-five minutes. Engine 7166 with Engineer Peter McGuire and Fireman W. E. Stevens in the cab handled the train from Crestline to Fort Wayne and engine 7170 with Engineer A. A. Miller and Fireman R. R. Ferris in the cab took the train to Chicago. Supt. J. B. McKim, who had just returned from the west, joined Mr. Schoyer here and Supt. W. H. Schriben, of the Chicago Terminal division, joined him at Clark's Junction. The general superintendent was out on a track inspection trip.

CONDUCTORS TO TAKE IN CLASS.

At the monthly meeting of Wayne division, No. 119, Order of Railway Conductors, next Sunday, a class of applicants will be taken into membership, other business will be transacted and a social time will follow the business session. The lodge meets only once a month during the midsummer months and the officers are anxious to have a good turn out next Sunday.

ON HIS FIRST TRIP.

William Koch, one of the newly appointed Pennsylvania engineers, is out today on his first trip with engine 7436, which has just been turned out of the shops. Assistant Road Foreman R. J. Lyons accompanied Mr. Koch to instruct him if need be in caring for a new engine, which is more or less liable to trouble, and Frank Philbin is firing for him.

PATRICK SWIFT DEAD.

Patrick Swift, who fired the locomotive pulling the famous Jarrett and Palmer theatrical special train in its great record race across the country in 1876, died yesterday at Omaha, Neb. The record established in that run stood for many years as the fastest between New York and San Francisco, and has only been exceeded by a train which recently carried E. H. Harriman.

BACK FROM THE LAKES.

B. H. Keller, F. J. Burns, jr., John Timmis, F. Buck and Jim Jack, of the Pennsylvania round house, returned to their respective places this morning, after a ten days' sojourn in Rome City. They had a very pleasant time and particularly Jim Jack. He is the round house bull dog.

ENGINEER BARDEN RETURNS.

Engineer W. M. Barden has returned from Michigan, where he spent several weeks recuperating after an illness. He is still too weak to resume work, but expects to report for duty in a week. Mr. Barden called at the round house to see the "boys" this morning.

NIAGARA FALLS EXCURSION.

There were three train loads of Niagara Falls excursionists over the Wabash last night, and taken as a whole, the excursion was a success. Sixty-eight people took the train at this point, most of them occupying the special Pullman car set aside for their use.

INDUSTRIAL NOTES.

T. Johnson has resigned as fireman at the Pennsylvania power house.

Patternmaker B. Poulson is a new employe at the Wallace-Lindsmith factory.

A car load of gas machinery left the Kerr Murray works yesterday for Washington, D. C.

A. J. McOscar, a clerk in the Wabash shops, is confined to his home today by sickness.

Paul Kramer, timekeeper at the Western Gas works, is out of the city on a vacation trip.

C. H. Zimmerman, late of the Wabash shops, has taken a position in the Bass machine shop.

Charles Kuehn, a machinists' helper, was given employment at the Wabash shops this morning.

The Lake Shore and the Lake Erie and Western auditors are in the city, checking up the local agents.

Master Mechanic J. J. Muir, of the Bass works, left for Pittsburg last night on business for the company.

Next Monday J. H. Manley, of the Pennsylvania freight office, will leave for Atlantic City on a vacation trip.

C. F. Tielker, G. L. Soliday, C. F. Brown and F. G. Kilfoy, Pennsylvania shopmen, are sick and off duty.

J. D. Wright, turntable operator at the Pennsylvania round house, was presented with a baby daughter Saturday.

Mrs. L. C. Koenneman, wife of the clerk at the Electric works, has gone to Decatur for a visit with relatives a few days.

B. Bangert, a machinists' helper, has recovered from injuries received at the Wabash shops a few days ago and is at work again.

Mrs. Rehling, wife of Machinist E. C. Rehling, of the Pennsylvania, is very sick and her husband is off duty on that account.

E. J. Wefel, a pipefitter, has recovered from an illness and resumed work at the Pennsylvania shops this morning after a week's illness.

H. J. Mills, of the Pennsylvania tool room, accompanied his wife to Chicago today. Mrs. Mills is going west to visit relatives and friends.

Jack Dickens and Oscar Grieble, draughtsmen at the Bass works, are planning an outing at West Lake and will leave for that place Saturday.

George T. Ladd, of the Bass works, who returned from Mexico, where he was looking after some mining interests last week, has been recalled there.

The gates at the entrance to the Pennsylvania erecting shop are being enlarged to permit the entrance of "Fat Annie," the new large passenger engine.

Within the next week the Bowser works will complete the order for ninety-one seven-foot tanks for a varnish manufacturing company of Detroit.

Byron A. Phillips, who spent three weeks with his relatives and friends in Fort Wayne and Allen county, left this morning for his home in Osborne, Kansas.

Foreman E. W. Koehn, of one of the departments in the Pennsylvania machine shop, resumed his duties this morning. He had been away on a vacation trip.

Blacksmith M. R. Hardendorf is on duty again at the Pennsylvania shops. With his family he had been spending his vacation at the lakes in northern Michigan.

Machinist J. E. Haines, recently from Huntington, where he was employed in the Erie shops, took a position at the Pennsylvania round house this morning.

The Pennsylvania shop team will play ball at Ossian next Saturday. The team will go to that town on the interurban car which leaves this city at 1:30 o'clock.

Machinist Karl Bahlinger, of the Pennsylvania round house, is making arrangements for a visit with relatives at Cleveland, and will leave next week for that city.

Mrs. Poulson, wife of Michael Poulson, of the Pennsylvania round house, and her son and daughter will leave tomorrow for Indianapolis on a visit with relatives.

Mrs. M. Deatrick was taken home from the hospital yesterday, greatly improved. She was operated upon three weeks ago. Mr. Deatrick is a Nickel Plate conductor.

A big gear frame was loaded at the Bass shops this morning for shipment to Pasdell, N. Y., where it will become a part of the extensive plant of the Senica Iron and Steel company.

Mrs. W. F. Gaskill, wife of Pennsylvania blacksmith, was called to Nappanee, Ind., this morning to attend the funeral of a relative. She was accompanied by her brother, Emanuel Sawyer.

H. D. Burfield, of the manual training department of the High school, is spending the school vacation in the Bass pattern shop, working as a bench hand. He will resume his duties in the school in September.

John Deegan, foreman of blacksmiths in the Wellsville shops of the Pennsylvania company, left for that city this morning, after spending several days here, attending a conference of shop foremen.

John Wallace, a veteran in the Pennsylvania boiler shop, is taking a vacation. Last night, accompanied by Mrs. Wallace, he left for Philadelphia, his native city, where he will spend a couple of weeks with relatives.

L. B. Nordstrum, of the Fort Wayne Electric works, delivered a highly interesting and instructive lecture on "Electricity" before the Men's club at the Trinity Episcopal church last evening. He has been invited to repeat the lecture in the near future.

Treasurer C. A. Dunkelberg, of the Bowser company, is the host at Robison park this afternoon of the fifty salesmen who have been attending the company's "school for salesmen" during the past three or four days. A dinner at the park hotel this evening will be followed by a theater party. The salesmen will remain in the city until Monday and will attend the annual picnic at Winona tomorrow.

N. L. Bendure, of the Pennsylvania machine shop, had one of the bones of his right hand broken last evening at 6 o'clock, while handling some pieces of iron. He will be off duty a few days as a result of the accident.

Lawrence Glissman was removed from the Lutheran hospital to the home of his parents yesterday, having nearly recovered from the effects of an operation for appendicitis. The young man is a son of Machinist Lawrence Glissman, the well known Wabash shopman.

E. N. Odenbaugh, district passenger agent of the Pennsylvania, was in the city again last evening. He says that his daughter who has been very ill with typhoid fever is now getting along nicely and it is believed she will soon be as well as ever. Mr. Odenbaugh now resides in Mansfield, Ohio.

E. F. Thompson, a stenographer at Master Mechanic G. W. Smith's office, entered upon his summer vacation this morning and D. A. Muirhead, from General Foreman J. N. Robertson's office, is temporarily in the master mechanic's office. Ed. J. Bott, an apprentice in the machine shop, is taking Mr. Muirhead's place in the general foreman's office.

TO FOUND SCHOOL IN EAST.

Katherine Tingley to Duplicate Point Loma Establishment.

Newburypoint, Mass., Aug. 8.—Mrs. Katherine A. Tingley, head of the Theosophist movement at Point Loma, Cal., will sail Saturday for an extended trip abroad, after coming here, her native city, to look for a site for a series of schools which will be duplicates of the institution at Point Loma, Cal. Mrs. Tingley selected and is negotiating to buy a large tract of land jutting out into the Merrimac river, once owned by her father.

On her trip abroad Mrs. Tingley will attend conventions of the order in England, Ireland, Germany, Sweden and Denmark. She will then visit Cuba and attend the dedication of an arch on the battlefield of San Juan hill, which property was acquired by Mrs. Tingley after the United States government and the Cuban government had tried in vain to purchase it.

CONFUSION TO SHIPPING.

No Two British Vessels Allowed to Bear Same Name.

New oYrk, Aug. 8.—An edict just issued by the English board of trade bids fair to cause all kinds of confusion temporarily among British shipping. The board, which speaks with authority on the subject, has decreed that hereafter no two British vessels shall be registered under the same or similar names. The new rule is to take effect at once.

As yet plans for the change have not been completely formulated, but it is expected that among vessels of any one name the vessel of the heartiest tonnage will be permitted to retain its present designation.

MINERS' UNION ENJOINED.

Restrained From Making an Effort to Persuade Miners to Strike.

Chattanooga, Tenn., Aug. 8.—All members and officers of the United Mine Workers of America, district No. 19, at Mont Lake, this county, are under a temporary injunction granted late yesterday restraining them from attempting by persuasion, threats, intimidation or otherwise interfering with the business of the Mont Lake Coal company in mining, selling and shipping its coal. They are also temporarily restrained from attempting to persuade the employes of the coal company to leave the employment of the company.

WHY NOT? WOMAN, WASN'T SHE?

Girl Gives Typewriting and Conversational Exhibition at Once.

Asheville, N. C., Aug. 8.—A feature of yesterday's session of the National Shorthand Reporters' convention was an exhibition of speed by the world's champion typewriter, Miss Rosa L. Fritz, of Brooklyn, N. Y. While operating at a speed of over sixty words a minute, Miss Fritz carried on a conversation with spectators.

Papers were read by William Whitford, of Chicago, and Miss Minnie Kehoe, of Pensacola, Fla.

SPICE TRADE ORGANIZED.

First Association of Men Engaged in That Business.

New York, Aug. 8.—The first organization ever known in the spice trade has been effected here. Fifty-six of the most important concerns of the various centers were represented. The new organization will be called "The American Spice Trade association." Its objects are to settle questions and disagreements that may arise in the trade. J. H. Recknagel was elected president of the association. Besides a majority of the New York firms in the trade, the membership includes firms in Baltimore, Cincinnati, St. Louis and other towns.

BAR BOYS' BOOK FROM LIBRARY.

Worcester Authorities Say Horatio Alger, Jr.'s Tales Are Bad.

Worcester, Mass., Aug. 8.—The works of Horatio Alger, jr., the noted writer of books for boys, have been barred from the shelves of the Worcester public library. Alger is now in the same class as Mark Twain, Robert W. Chambers, Walt Whitman and other well known producers of literature, some of whose works have been barred from free public libraries in Worcester county towns and cities.

At the library the reason given for barring Alger's books, which have been on the shelves for years, is that they were nottruthful and are too sensational.

MET HORRIBLE DEATH.

Two Men Ground to Pieces by Machinery in Cement Mill.

Allentown, Pa., Aug. 8.—While at work repairing the inside of a rock grinder at the plant of the Lehigh Portland Cement company last night, George Reed and a foreigner named Michael Hollun were caught by the starting of the machinery and ground to death.

The men had evidently been forgotten when the mill was set in motion and their presence inside was not discovered until the machinery failed to operate properly.

THE BUSY WIFE.

See dat, signore? See, dere she go.
Ah, look, she wave her hand!
She's Rosa; dat's my wife, you know.
Oh, granda girl, my frand.

Suitable Diet.

A jury in Blankville were sent out to decide a case, and after deliberating for a time came back, and the foreman told the judge they were unable to agree upon a verdict. The latter rebuked the jury, saying the case was a very clear one, and remanded them back to the jury room for a second attempt, adding, "If you are there too long I will have to send you in twelve suppers."

The foreman in a rather irritated tone spoke up and said, "May it please your honor, you might send in eleven suppers and one bundle of hay."—Lippincott's.

The Test of Endurance.

"Gracious, the way you theatrical people travel from place to place!" exclaimed the innocent person. "I should think it would take a great deal of endurance to be an actor."

"Oh," replied the actor absentmindedly, "long practice has made it possible for me to get along with very little food."—Des Moines Register.

Singular and Plural.

"Whenever she gets to thinking how much they're in debt it affects her nerves."

"Huh, the way it affects her husband is singular!"

"How singular?"

"Just singular. It affects his 'nerve.' He tried to borrow a hundred from me today."—New York Life.

He Proved It.

"Young Muggins is a mollycoddle, all right."

"What makes you think so?"

"I called him one."

"And what did he say?"

"He said he didn't think that was a nice term to apply to him and added that he felt quite vexed with me."—Pueblo Chieftain.

More Fashionable.

"The man of the house," said the man at the door who was taking names for the city directory, "is a blacksmith, I believe?"

"Yes," replied the young woman with the prominent pompadour, "but papaw is quite wealthy now, so please make it 'blacksmythe.'"—Philadelphia Press.

The Boy's Opportunity.

"Now, wouldn't it be funny," said Popley playfully, "if I were to become a little boy again?"

"Mebbe it wouldn't be so funny for you, pa," replied his bright young son. "If you was to be littler'n me, pa, I think I'd square up a few things."—Catholic Standard and Times.

Modern Convenience.

"Do you approve of automobiles?"

"To some extent," answered Miss Cayenne. "They enable one to clean one's gloves with gasoline without exciting suspicion."—Washington Star.

SAYS A RECOUNT WOULD MERELY VERIFY FIGURES

Fort Wayne Has Nothing to Fear in Talk of New Enumeration.

Referring to the intimation from Terre Haute that a new enumeration of the children of school age in Fort Wayne would be desirable, President E. W. Cook, of the city school board, said today that Fort Wayne has nothing to fear in case a recount were ordered, and that while he was not aware that any person is seriously disposed to question the accuracy of the enumeration here, Mr. Cook declared that a new count could not fail to establish the accuracy of the former figures. There is no disposition whatever upon the part of the school board to resist a re-enumeration.

"The work in Fort Wayne was done with especial care and exactitude," said Mr. Cook. "We employed men of experience to make the canvass, paid them by the day and gave them positive instructions to use care in complying with the law in every particular. In addition to this, Superintendent Study devoted much time to overseeing the work, and in one or two wards we took a second enumeration in order to absolutely verify our figures. The factory reports were checked against the residence count in order that there might be neither omissions nor duplications, and we are absolutely confident that the work was honestly and fairly done. A recount could show only the most trivial variation, and if there is a recount ordered we do not fear the outcome."

BOARD MEMBERS HERE.

Pay Visit of Inspection to the State Institution.

Messrs. A. W. Butler, W. P. Cooper and Mrs. Rexford, members of the board of charities, arrived in the city last evening from Richmond, and today are paying a regular visit of inspection to the state school for feebleminded youth. Superintendent Carroll entertained the party at dinner today. Hon. Timothy Nicholson, another member of the board, visited the school a few days ago.

63 TROLLEY TRAINS IN AND OUT OF FORT WAYNE DAILY

Interurban Business Has Grown to Immense Magnitude.

Sixty-three regular interurban trains carrying passengers are operated in and out of Fort Wayne daily on the various electric lines now centering here.

These figures will doubtless be a surprise even to those who are aware that the trolley business here has grown to immense magnitude and is growing greater daily. In the count above the express trains on the trolley lines are not included—merely the local and limited electric cars which carry passengers. The sixty-three in-and-out trains are operated between 5:45 o'clock a. m. and 12:30 o'clock the following morning. In addition there is hardly a day but that some of the roads have a number of specials in operation.

Six Hundred From Decatur.

The Fort Wayne and Springfield line this morning brought in six hundred excursionists from Decatur, who are spending the day at Robison park. The excursion was under the auspices of the Sunday school of the First Methodist Episcopal church at Decatur, and President Fledderjohan, of the traction company, accompanied the party.

Six cars were completely filled, the first reaching the city at 9 o'clock, and the transfer to the park cars was made quickly without a hitch. Two of the Fort Wayne cars were used as trailers over the interurban, and were uncoupled at the city limits, coming down town under their own power. The alternating current system used on the Decatur line will not permit the operation of the Fort Wayne and Wabash Valley cars under the trolley line power, though the cars equipped for the alternating current can operate without difficulty over the Fort Wayne city system and the Wabash Valley interurban roads.

There will always be a pianist in your home if you own a

Pianola Piano

Have you never wished that some member of your family could play the piano?

Of course you would rather play yourself, because you know it must be much more interesting to produce music than merely listen to it. You wouldn't practice when a child, however, so you think you must be satisfied just to hear someone else play occasionally.

The Pianola Piano was inventd just for you

Investigate this wonderful instrument that in less than five years has become the most popular piano in the world. You will then understand why so many other people are buying them.

You will realize that if you owned one there would always be someone in your home to play.

And you would recognize the astounding fact that that someone who could play so well, whose repertory would be so great, might be you yourself.

You are not investigating the Pianola Piano when you hear and see any instrument not made by the Aeolian company. No other has either the Themodist or Metrostyle or other exclusive features which have made the Pianola Piano such a wonderful success.

THE WEATHER.

Chicago, Aug. 8.—Forecast for Indiana: Showers tonight and Friday.

CITY BREVITIES.

Adolph Burg is home from a month's trip in the west and northwest.

Charles Brandt is spending his vacation in an outing at Garrett and Lake James.

Lewis Brandt yesterday left for Ottawa, Ill., where he will visit his uncle, Charles Uplegger.

Mrs. Georgia Jenkins, of Auburn, Ind., is getting along very nicely after her operation at St. Joseph hospital yesterday.

Another social to be given is that of the Knights and Ladies of Security on Tuesday evening, Aug. 13, at 1427 Fisher street.

The Modern American Fraternal order, No. 42, will hold an ice cream social this evening at the home of Mrs. Jacob Haudenschild, 1624 Franklin avenue.

During the month of July 262 patients were received at the local hospitals and of these 127 were from out of the city. Only 12 deaths were recorded.

Herman R. Davis, former clerk of the Randall hotel here, was in the city yesterday on business for a coal company of Chicago, for which he is traveling.

About 11:45 last night the frame barn on the residence of E. R. O'Reilly, on Poplar street, was damaged to the extent of $150 by fire. The origin is unknown.

The young daughter of W. O. Stall, of St. Joe township, was brought to the city yesterday in the ambulance and this morning underwent an operation for appendicitis.

Rev. Charles Thiele, of this city, and his father, of Goshen, have returned from their trip to Cleveland. While there they had the pleasure of going over the Rockefeller estate.

The Rev. D. W. Moffat, for a third of a century pastor of the First Presbyterian church in this city, arrived here yesterday and will officiate at the funeral of Mrs. Mary Miller tomorrow.

The little son of Mr. and Mrs. Gottlieb Berger, of West Jefferson street, who has been very ill with congestion of the brain for some time, is reported to have a hopeful future, as he is much improved now.

Samuel Cuishall, of this city, was the oldest man present at the annual family reunion of the Klinger families of Indiana and Ohio, which was held at the home of J. M. Klinger, near Plymouth, last Thursday.

County Truant Officer W. I. Work was in Maysville yesterday on business. He is making preparations to beat a retreat as soon as the hay fever season comes on, as Mr. Work is badly troubled with that disease.

Ensign J. G. Watkins, of the Salvation Army, has returned from the annual camp of the State Union Salvation Army, which was held at Glenwood park, near Indianapolis, last week. The regular meetings at the citadel here will be resumed.

Budd Van Sweringen, son of Dr. and Mrs. B. Van Sweringen, who is one of several Fort Wayne boys taking the summer course at Culver, has been promoted from the rank of first sergeant to the commissioned rank of ensign in the Fifth company.

Fort Wayne Excels in Cafe Facilities

Mr. H. A. Wiebke, proprietor of the Hof Brau cafe, has returned from an extensive eastern trip fully convinced that even in the larger cities the cafes afford inferior facilities to the famous Hof Brau of which he is the proud owner. Mr. Wiebke made a study of the best cafes in the east, such as the Rathskeller, Philadelphia; New American Rathskeller, Boston; Fritz Reuter Rathskeller, Washington; the Hof Brau, New York, and places at Norfolk, Atlantic City and other resorts. Without prejudice he says that for service, quality of the menu and reasonable prices Fort Wayne excels. "In all my travels," said Mr. Wiebke, "I failed to get lobster on quick order except at the Fritz Reuter Rathskeller in Washington, and then it was not properly served. I found everywhere that the meats were inferior to ours and the price higher. A steak that costs $1.50 at any of these places can be had on order at the Hof Brau for 85 cents, and everything else is in proportion. My chief aim in going to these places was to get some pointers to better the service and menu at the Hof Brau cafe, but I must say in all modesty that we've got the eastern cafes skinned a mile." Mr. Wiebke is not the only person who has discovered this fact. Traveling men who visit the bigger cities never fail to speak of the Hof Brau in this city as a cafe with superior table and service, as well as being one of the most inviting places they have dropped into.

It's up to you when you require first class service at the TROY LAUNDRY, Phone 160.

Early Fall Styles

We are pleased to announce our first showng of Ladies' Tailored Suits for Autumn.

In this initial display are represented the coming season's modes, and while extremely early, these forerunners of autumn apparel are none the less authoritative.

There is a strong tendency toward plain tailored effects, the 25 and 27-inch Prince Chaps, 27 and 32-in. Modified Cutaways, and braided, tight-fitting Military Coats predominating.

Striped broadcloths in sombre tints are among the new suitings shown in these suits, and fancy Panama cloth in dark rich colorings is a popular fabric.

Women who are looking for something new and distinctive for the intermediate season or for traveling will appreciate this opportunity of selecting from these advance styles.

Remedy for Diarrhoea—Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I cannot say too much for the best remedy of the kind in the world."—S. Jemison, Spring Grove, York Count, Pa. This remedy is for sale by all druggists.

There are 1,319 savings banks in this country with 8,027,192 depositors, and the average amount due each depositor is $433.79. Iowa with 494 of these institutions leads the list, but the number of patrons is only 335,527, while New York with 134 savings funds has 2,637,235 depositors. The deposits in New York are correspondingly high, and the average balance is $506.25. The best average balance is shown in Ohio, where it reaches $539.89. Rhode Island ranks second in point of average balance.

NEIGHBORS GOT FOOLED.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by Dreier & Bro., druggists. 50c and $1.00. Trial bottle free.
